

A.S. Agri-Business – Online Degree

Degree Overview

Interested in an Agriculture Business degree that has course work which can be completed entirely on-line? Here it is.

The Casper College Agriculture department has developed this unique opportunity for students to create an individual education plan that meets their specific agriculture business career objectives. The flexibility of this degree allows you to complete the entire course work on-line or a combination of on-line and on campus classes. All of the **general education** and **major required** classes, that are needed to complete this degree, will be **offered on-line**.

Completing the Agriculture Business Degree On-line

The Agriculture Business on-line degree is accessible for you to complete through the Casper College distance web site using Moodle as the learning management system. You can complete the course work required by the Agri-Business A.S. degree program at your desired pace. *Interested in continuing your agriculture degree program after receiving you're A.S. in Agri-Business from Casper College? Check out the Oregon State University's on-line general agriculture bachelor's degree at:*

Faculty:

Todd Jones and Marty Finch are veteran agriculture teachers and will be the instructors for all the on-line agriculture business courses. Todd is a Montana native and received his master's degree (1988) from New Mexico State University in Agriculture Economics. Marty is a Wyoming native and received his bachelor's degree (1982) from the University of Wyoming in Agriculture Education. Combined, Todd and Marty have over 50 years of teaching and business experience.

Casper College Agriculture Department Awards:

*The Casper College Agriculture Department was the 2007 Award Recipient for the NAAE (National Association Agriculture Educators) **Outstanding Postsecondary /Adult Agriculture Education Program for the Western Regional** (There are six regions in the nation)*

Outstanding Post-secondary / Adult Ag Ed Program — NAAE places high value on continuing education in agriculture. The Outstanding Postsecondary / Adult Ag Ed Program award recognizes exemplary 2-year post-secondary institutions.

Rewards of teaching DE classes:

Teaching on-line classes is a new frontier that helps create an innovative and fresh perspective in the field of education. I enjoy the challenge and the creative aspects which are involved in developing these classes. It is very rewarding for me to be on the leading edge and strive to meet the needs of the rural population in the state of Wyoming and around the nation.
