

WWQ & PCA DON HUDSON MEMORIAL SCHOLARSHIP

This scholarship, valued at \$350, is available to a current, in-state resident, Wyoming certified water, wastewater, distribution, or collection system operator who desires to take a credit class in the Water Quality Technology Program at Casper College. **The scholarship will be awarded if you are chosen and the class you applied for is taught that semester. You may apply if you have received this scholarship before.** Don was a strong proponent of operator education. He obtained his college education by working during the days and going to school at night. It was because of his belief in education and operator training that the WWQ/PCA honored Don by naming this award for him upon his passing.
