REFUND POLICY FOR DROPPING A COURSE OR WITHDRAWING FROM COLLEGE:

For exception to the refund policy for the semester, a student may submit a petition to Enrollment Services, Gateway Building, third floor by October 1, 2017.

For Full Semester Courses:

- Drop by June 9, 2017 and 100% of tuition and fees will be credited and you owe nothing.
- Drop by June 16, 2017 and 50% of tuition only will be credited to you and you will owe 50% of tuition and all per credit fees.
- Drop after June 16, 2017 and you will owe all tuition, per credit fees, and course fee charges.

For Less than Full Semester courses:

The above “drop by” dates **DO NOT** apply to courses that meet for less than a full semester. The length of each refund period is proportional to the length of the less than full semester course.

DROPPING COURSES AND COMPLETE WITHDRAWAL FROM CASPER COLLEGE:

- Dropping courses or withdrawing from college may affect current and future financial aid awards.
- Your eligibility to retain insurance coverage can also be affected.
- Additional charges may result from schedule changes or a balance due may remain after a drop or complete withdrawal. Contact the Financial Management Office to verify the effects of a schedule change, course dropped, or complete withdrawal.
- A complete withdrawal **CANNOT** be done through Web Advisor. Student can do a complete withdrawal online at www.caspercollege.edu, A-Z index, Withdrawal Request Form. Contact Enrollment Services 307-268-2323 for questions.
- Non Attendance does not constitute withdrawal from courses. A student is responsible for charges incurred to date of formal withdrawal. Notify

Enrollment Services if you are not going to attend, 307-268-2323.

FAILURE TO PROPERLY REGISTER:

A student who attends class without being properly registered in that course and subsequently wishes to receive credit for that course, will be required to pay, with collected funds, the tuition and fees associated with the course plus all of that semester’s extension and late fees prior to the student’s enrollment in the course.

PAST DUE ACCOUNTS

- A financial hold is placed on an account whenever a payment is past due or when the account has an outstanding balance, regardless of payment arrangements, prior to early registration.
- The financial hold will prevent new registrations and the issuance of academic transcripts.
- To release a financial hold, the debt must be paid in full. Payment with collected funds will release the hold upon payment. There is a two week wait from the date of deposit when payment is by personal check.
- New registrations will be cancelled for nonpayment of a prior semester debt.
- An account that has not met payment requirements will be referred for collection.

CONSEQUENCES OF AN ACCOUNT IN FULL COLLECTION

- There will be no adjustment to or petition consideration given to an outstanding balance.
- Account will be assessed collection costs, court costs and attorney’s fees incurred as a result of collection efforts. The default will be reported to credit reporting agencies.
- Future enrollment will require prepayment of tuition and fees with collected funds prior to registration. Student will not be permitted to utilize the payment plan.
