Evaluation Criteria: Grades will be computed on a point scale and weighted. Points will be totaled at the end of the semester and a percentage grade computed. Your final grade will be weighted as follows:

- 30% Quizzes
- 25% Final Exam/Project
- 10% Subjective Factor*
An assessment of class attendance, cooperation with others, class participation, attitude, initiative, and the ability to get your work in on time. Employers consider such factors to be of vital importance in evaluating employee job performance. Therefore, the letter grade you earn will reflect this aspect of your work.

Grades are calculated using a grading software program to allow for the above categories and their associated weights. You will receive a midterm and final grade for the course. If you submit files through Moodle, your grade will be recorded in Moodle but keep in mind the grades you see in Moodle do not reflect the subjective factor of your grade or the category weights. The grading scale is as follows:

A ................. 90-100%
B .................. 80-89%
C ................... 70-79%
D ................... 60-69%
F .................... 0-59%

Casper College may collect samples of student work demonstrating achievement of the above outcomes. Any personally identifying information will be removed from student work.

Reading assignments should be completed at home before attempting to work on your assignments in the Flex Lab. Assignments must be completed and submitted in the order listed on the syllabus. Disrespectful or disruptive behaviors will not be tolerated. Use of inappropriate behavior or language can result in dismissal from class.

This is a self-directed course. It is up to the students to manage their time appropriately. All course work is due before but no later than the final day of classes (December 11, 2015) DEPENDING ON YOUR START DATE.

It is not acceptable to turn in all of your work at once. Any attempt to do so will result in an F for the course.
