Class Policies:

CLASS ATTENDANCE IS REQUIRED.
Attendance is very important for several reasons:

1) In order to learn and understand assignments, students must be present, this is a participatory class.

2) At the college level, students' professional preparation, responsibility, and work ethic are evidenced through prompt and regular attendance. You are a professional in the first steps of teaching. The profession does not start when you get a job, it begins with teacher training. This class will be a good indicator as to whether or not you have the dedication and academic maturity to continue pursuing this as your lifelong profession. Teachers do not skip work without arrangement; you are now a teacher.

3) Quality performance is also evidenced through student’s participation in all class activities and assignments. If a student is not in class, he/she cannot participate.

Late work will not be accepted without PRIOR approval from instructor. Even with approval, assignment grade may be reduced one letter grade. Students should contact the instructor by phone, voice mail, or email prior to absence. If a paper is due, your absence does not excuse the submission. Also, participating in extra curricular activities or school sponsored activities does not excuse an assignment. No late papers will be accepted during finals week. Students are not allowed to make up class participation points and group activity points when absent.

Professional classroom expectations for:

1. Group work
2. Audience behaviors
3. Cell phone/computer use
4. Other issue affecting fellow students’ learning experience will be determined during initial class meetings reflecting democratic, constructivist practice.

Student Rights and Responsibilities: Please refer to the Casper College Student Conduct and Judicial Code for information concerning your rights and responsibilities as a Casper College Student.
