COURSE DESCRIPTION: This course provides an option for students with sufficient
background to pursue special interests in the auto body lab under contract with the
instructor.

STATEMENT OF PREREQUISITE: Instructor approval
GOAL: Student will pursue special interests in the auto body lab. The student will
develop an understanding of time management and select an area or areas of
specialized interest in the auto body trade and to learn or practice these skills in a
more in-depth manner.

OUTCOMES: Upon completion of this course the student will:
1. Show competency in work order completion
2. Show ability to complete a damage estimate
3. Show ability to complete a vehicle repair
4. Demonstrate effective oral and written communication
5. Solve problems using critical thinking and creativity
6. Use appropriate technology and information to conduct research

METHODOLOGY: Signed contract with the instructor.

EVALUATION CRITERIA: The student will be evaluated for the time successfully
completed in the area of specialized interest. There will be at least one repair order
per job, and student will be graded upon completion of each job. There will also be
a final examination using the skill or skills the student has studied.
