               Friday: 9:00 am – 12:00 pm by appointment only

COURSE DESCRIPTION: This course will be a thorough review of the Cisco CCNA Certification Exam requirements. Using lectures, flash cards and electronic testing, students will be presented with a complete outline of exam requirements and will be able to accurately gauge their level of preparedness to take the exam.

PREREQUISITES: None (should be preparing to sit for the CCNA Exam)

OBJECTIVES: With appropriate study and preparation outside of class students should be able to sit for the very difficult Cisco CCNA certification exam and stand a good chance of passing. This exam, which has a failure rate well in excess of 60%, requires diligent and effective study. This course will greatly aide the student in evaluating their strengths and weaknesses, and in focusing their studies.

METHODOLOGY: This course will consist of lectures and practice CCNA tests. Your attendance is required for both days.

My best suggestions for succeeding in this class are:

1. Attend class.
2. Read the chapter BEFORE class
3. Ask questions.

EVALUATION CRITERIA: Your final grade is based completely on attendance and participation.
REQUIRED TEXTS, READINGS, MATERIALS: CCNA Study Guide, Sybex

LAST DATE TO CHANGE TO AUDIT STATUS OR TO WITHDRAW WITH A “W” GRADE: TBA (as this class begins after the normal withdraw date)

STUDENT RIGHTS & RESPONSIBILITIES: Please refer to the Casper College Student Conduct and Judicial Code for information concerning your rights and responsibilities as a Casper College student. It is the policy of Casper College to provide appropriate accommodations to any student with a documented disability. If you have a need for accommodation in this course, please make an appointment to see me at your earliest convenience. If you have any problems with this class, please go through the proper chain of command: myself, Head of the Math Department, Division Chair, VP Student Services, VP Academic Affairs.

ADA ACCOMODATIONS POLICY: It is the policy of Casper College to provide appropriate accommodations to any student with a documented disability. If you have a need for accommodation in this course, please make an appointment to see me at your earliest convenience.

CHAIN OF COMMAND: If you have any problems with this class, you should first contact the instructor in order to solve the problem. If you are not satisfied with the solution offered by the instructor, you should then take your problem through the appropriate chain of command starting with the Department Head, then the Division Chair, and lastly the Vice President for Academic Affairs.

ACADEMIC DISHONESTY: Cheating and Plagiarism: Casper College demands intellectual honesty from all its students. Proven plagiarism or any form of dishonesty associated with the academic process can result in penalties ranging from the offender failing the course in which the offense was committed up to expulsion from school. For further details, please refer to the Casper College Student Code of Conduct.
