Class Policies: Last Date to Change to Audit Status or to Withdraw with a W Grade- see online catalog

**CLASS ATTENDANCE IS REQUIRED.**

Attendance is very important for several reasons:

1) In order to learn and understand assignments, students must be present, this is a participatory class.

2) At the college level, students' professional preparation, responsibility, and work ethic are evidence through
prompt and regular attendance. You are a professional in the first steps of teaching. The profession does not start when you get a job; it begins with teacher training. This class will be a good indicator as to whether or not you have the dedication and academic maturity to continue pursuing this as your lifelong profession. Teachers do not skip work without arrangement; you are now a teacher.

3) Quality performance is also evidence through student’s participation in all class activities and assignments. If a student is not in class, he/she cannot participate.

Late work will not be accepted without PRIOR approval from instructor. Even with approval, assignment grade may be reduced one letter grade. Students should contact the instructor by phone, voice mail, or email prior to absence. If a paper is due, your absence does not excuse the submission. Also, participating in extra-curricular activities or school sponsored activities does not excuse an assignment. No late papers will be accepted during finals week. Students are not allowed to make up class participation points and group activity points when absent.

Professional classroom expectations for:
1. Group work
2. Audience behaviors
3. Cell phone/computer use
4. Other issue affecting fellow students’ learning experience will be determined during initial class meetings reflecting democratic, constructivist practice.

Student Rights and Responsibilities: Please refer to the Casper College Student Conduct and Judicial Code for information concerning your rights and responsibilities as a Casper College Student.

Chain of Command: If you have any problems with this class, you should first contact the instructor to attempt to solve the problem. If you are not satisfied with the solution offered by the instructor, you should then take the matter through the appropriate chain of command starting with the Department Head/Program Director, the Dean, and lastly the Vice President for Academic Affairs.

Academic Dishonesty: (Cheating & Plagiarism) Casper College demands intellectual honesty. Proven plagiarism or any form of dishonesty associated with the academic process can result in the offender failing the course in which the offense was committed or expulsion from school. See the Casper College Student Code of Conduct for more information on this topic.

Official Means of Communication: Casper College faculty and staff will employ the student's assigned Casper College email account as a primary method of communication. Students are responsible to check their account regularly. This is also, where you will find course evaluation links during course evaluation periods.

ADA Accommodations Policy: If you need academic accommodations because of a disability, please inform me as soon as possible. See me privately after class, or during my office hours. To request academic accommodations, students must first consult with the college’s Disability Services Counselor located in the Gateway Building, Room 344, (307) 268-2557, bheuer@caspercollege.edu. The Disability Services Counselor is responsible for reviewing documentation provided by students requesting accommodations, determining eligibility for accommodations, and helping students request and use appropriate accommodations.

Communication through Remind.
