COURSE DESCRIPTION: Advanced students are afforded the opportunity to gain practical on-the-job experience in their specialties. Students will be supervised by the instructor and the employer. A minimum of 80 hours of on-the-job training represents one semester credit.

Extended description: An opportunity for students with sufficient entry level welding skills to work off campus, in weld related areas, while attending classes on campus part-time.

STATEMENT OF PREREQUISITE: Demonstrate proficiency in welding skills, and permission of instructor.

GOAL: Cooperative work can provide the student with daily fabrication and maintenance exposure which is necessary in pursuing a career in welding.

OUTCOMES: To better prepare students for the workplace and make the transition from classroom to employment as easy as possible. Casper College works with students and employers to place students in appropriate positions. Demonstrate effective oral and written communication, solve problems using critical thinking and creativity, use appropriate technology and information to conduct research.

METHODOLOGY: The student will contract with the instructor and employer to develop specific requirements.

EVALUATION CRITERIA: Evaluation will be written on a weekly basis and reviewed by the instructor with the students. Normally, one semester hour represents a minimum of 80 hours of on-the-job-training with college supervision.

Attendance Policy: Attendance is of utmost importance. Unexcused absences in the excess of 4 will result in the loss of one letter grade. Due to the consideration of the instructor and students, you must be present at the designated starting class time or you will not be allowed to participate unless prior arrangements with the instructor have been made.
