Course Description: 30- or 60-minute weekly private instruction in the specific instrument [percussion] for majors and non-majors. Majors attend scheduled studio classes and perform a final jury. A course fee is assessed.

Prerequisites: Permission of the instructor.

Goal: To gain the physical and conceptual skills to perform on percussion instruments in solo and ensemble contexts through various technical and literature studies. Specific semester goals will be informed by each student’s interests and needs as determined by the instructor in consultation with the student.

Outcomes: 1. Solve problems using critical thinking and creativity. 2. Appreciate aesthetic and creative activities.

Course Objectives: The student is expected to achieve or make significant progress toward each assigned task, demonstrated through weekly performance in the lesson and periodic performance in percussion studio class. Comprehension of qualitative (artistic) and quantitative (technical) aspects of music performance are expected for each assignment and are demonstrated through discussion and live performance.

Methodology: Weekly private instruction time is a 30-minute (1CR) or 60-minute (2CR) lesson, as well as studio classes from 12:00 PM to 12:50 PM on Wednesdays, excepting convocations. Non-music majors are not required to attend studio classes. Daily individual practice is required and will be documented in a practice log and practice time summation chart. A grade is assessed and verbal feedback is rendered at each lesson, as well as demonstration, critical listening and observation.

Evaluation Criteria: Weekly private instruction and studio class performances are evaluated on both subjective (musicianship, attitude, expressivity, artistry) and objective (punctuality, attendance, preparation, comprehension and attainment of assigned tasks) criteria. A jury performance is required at the end of each semester; non-music majors are not required to perform a jury. Juries are scheduled during final exam week (T.B.D.). A grade is assessed and rendered at each lesson (scale of 1-10 points, multiply by 10 for percentage); these are averaged, including jury grade, for final grade.
A 90-100% – Student achieves all goals and demonstrates superior organizational skills, practice habits, and commitment resulting in achievement of their musical potential. Student has flawless punctuality and attendance, and displays dedication and curiosity in the subject matter that leads to independent learning outside the classroom.

B 80-89% – Student makes significant progress, is punctual, has near flawless punctuality and attendance, good organizational skills, but displays a lack of commitment and/or curiosity in the course material, deficient practice habits, etcetera.

C 70-79% – Student makes noticeable progress, but displays only partial comprehension of material and deficiency in areas such as organizational skills, punctuality, attendance, course materials, etc.

D 60-69% – Student makes minimal progress and displays minimal comprehension of assigned material. May include lack of organization, course materials, flawed punctuality and/or attendance, insufficient preparation, counterproductive attitude, etc.

F 0-59% – Student makes nominal progress and demonstrates nominal effort, no comprehension of assigned material; a lack of interest and/or commitment to the subject matter, course materials, flawed punctuality, flawed attendance, etcetera.
