

## Curriculum Guide Preview

### Fossils

### Teaching Trunk

#### **Field Trips**

Rock Puppies Guide to Rocks and Minerals of the Casper Area--how to collect specimens, where to find them, and keeping a field log of where they were found and information about the environment they were in

#### **Vocabulary**

Word list for every young fossil hunter, followed by word games and puzzles

#### **Fossils**

A listing and brief description of the different specimens in the trunk and activities to go along with them.

#### **Time Line**

Geologic time lines, drawings and information about prehistoric animals, and activities geared towards helping students better understand the geologic time scale.

#### **Let's Create**

Making casts of fossils, make your own "insect in amber", make your own mini digs, Cupcake Geology, illustrate a story and more fun hands on activities.

#### **Outcomes & Skills Info**
