

Department of Theatre and Dance
AA: Technical Theatre

The goal of the Associate of Arts Degree in Technical Theatre is to provide academic and experimental training in technical theatre which equals or exceeds what is offered in the first two years at baccalaureate degree granting institutions nationwide. By doing so, matriculating students are prepared to successfully transfer upon completing their A. A. Degree at Casper College.

Graduates of the A. A. Degree in Technical Theatre at Casper College will achieve the following:

- Working knowledge of state-of-the-art equipment including:
 - digital sound equipment,
 - moving lights,
 - color scrollers,
 - wireless body microphones;
- Working knowledge of basic design concepts in scenery, lighting, costumes and props;
- Working knowledge of scenic construction practices and techniques;
- Working knowledge of costume construction practices and techniques;
- A developing understanding of the collaborative process working with directors, actors and other technicians;

These goals are achieved through vigorous coursework and technical opportunities available in the theatre and dance program.
