**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

This section of Casper Community College District’s (College) annual financial report provides an overview of the College’s financial activities for the fiscal years ending June 30, 2019 and 2018. This discussion has been prepared by management and should be read in conjunction with the financial statements and footnotes.

Using the Financial Report

This report consists of three college financial statements:

1). **The Statement of Net Position** is designed to be similar to bottom line results for the College. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets. The statement differentiates between current and non-current assets and liabilities, and deferred inflows and outflows of resources, and categorizes net position into three categories:

- INVESTED IN CAPITAL ASSETS, NET OF RELATED DEBT
- RESTRICTED (EXPENDABLE AND NONEXPENDABLE)
- UNRESTRICTED

2). **The Statement of Revenues, Expenses, and Changes in Net Position** presents the revenues earned and expenses incurred during the year, classifying activities as either “operating” or “non-operating.” This distinction results in an operating deficit because the GASB 34/35 reporting model classifies state and local appropriations and investment revenue as non-operating revenue. The utilization of capital assets is reflected as depreciation expense, which allocates the cost of assets over their expected useful lives. This approach is intended to summarize and simplify the user’s analysis of cost of various College services to students and the public.

3). **The Statement of Cash Flows** presents inflows and outflows summarized by operating, capital and non-capital financing and investing activities. The reconciliation of operating loss to cash used in operations, explains the relationship between the statement of net position since increases and decreases in operating assets often require use or receipt of cash, but do not result in recognition of a revenue or an expense.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

Financial Highlights – Statement of Net Position – (See Pages 5-6)

Total Current Assets on June 30, 2019 have increased by approximately \$4.8M compared to the same time last year. Cash and cash equivalents increased approximately \$3.0M and Property Taxes Receivable increased \$88,502. Accounts receivable increased \$246,163 compared to the balance at June 30, 2018. The current portion of the Deposits with bond trustee balance is \$2,214,996. These are the amounts paid to the County Treasurer resulting from the levy for debt service payment on the General Obligation Bonds issued in June 2009 and July 2010. The \$1,241,982 due from the State of Wyoming is the final reimbursement due for employee health insurance and retirement reimbursement for the period ending June 30, 2019.

In the area of Non-current Assets the state matching portion for the Community College Endowment Challenge Program has decreased \$1,033,699 to a total of \$16,955,288; a decrease of 5.7% during fiscal year 2019 as compared to an increase of 10.2% during fiscal year 2018. The percentage decrease is due to \$768,000 that was expended for the College Arena project, an increase in the amount of scholarship expenditures, no matching funds from the State, and lower investment returns. The Challenge Program is invested with the College's foundation as required by legislation authorizing the matching program. Earnings from the Challenge endowment can be expended for various purposes to benefit the College.

Current Liabilities decreased \$444,753 due to a decrease in Accounts Payable and a decrease in Accrued Liabilities offset by an increase in the current portion of Bonds Payable. The Accounts Payable balance at June 30, 2019 decreased by \$59,210 compared to June 30, 2018.

In accordance with *GASB Statement No. 68, Accounting and Financial Reporting for Pensions* – the College has recorded its estimated net pension liability based on information provided by the Wyoming Retirement System. As a result of this, the net pension liability at June 30, 2019 was \$20,912,648, as compared to \$15,747,531 recorded at June 30, 2018; an increase of approximately \$5,165,000 for fiscal year 2019.

In addition, *GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* requires the college to record its estimated net other postemployment benefits (OPEB) liability based on the State of Wyoming Group Insurance Retiree Health Plan. As a result of this, the net OPEB liability at June 30, 2019 was \$26,204,849, as compared to \$20,294,708 recorded at June 30, 2018; an increase of approximately \$5,910,000 for fiscal year 2019.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

Of the \$52.2 million in net position, approximately \$44.7 is invested in capital assets - net of related debt. Of the approximately \$20.2 million in Restricted Expendable Net Assets, \$6.32 million is restricted to capital and major maintenance projects, \$262,932 is restricted to scholarships, \$7.73 million for Debt Service and \$4.88 million for the Endowment Challenge Program. In addition, approximately \$12.0 million for the Endowment Challenge Program is Nonexpendable.

The following table and chart summarize the College’s assets, liabilities, and net position and the breakdown of net position as of June 30, 2019 and 2018 along with a comparison for the year ended June 30, 2017.

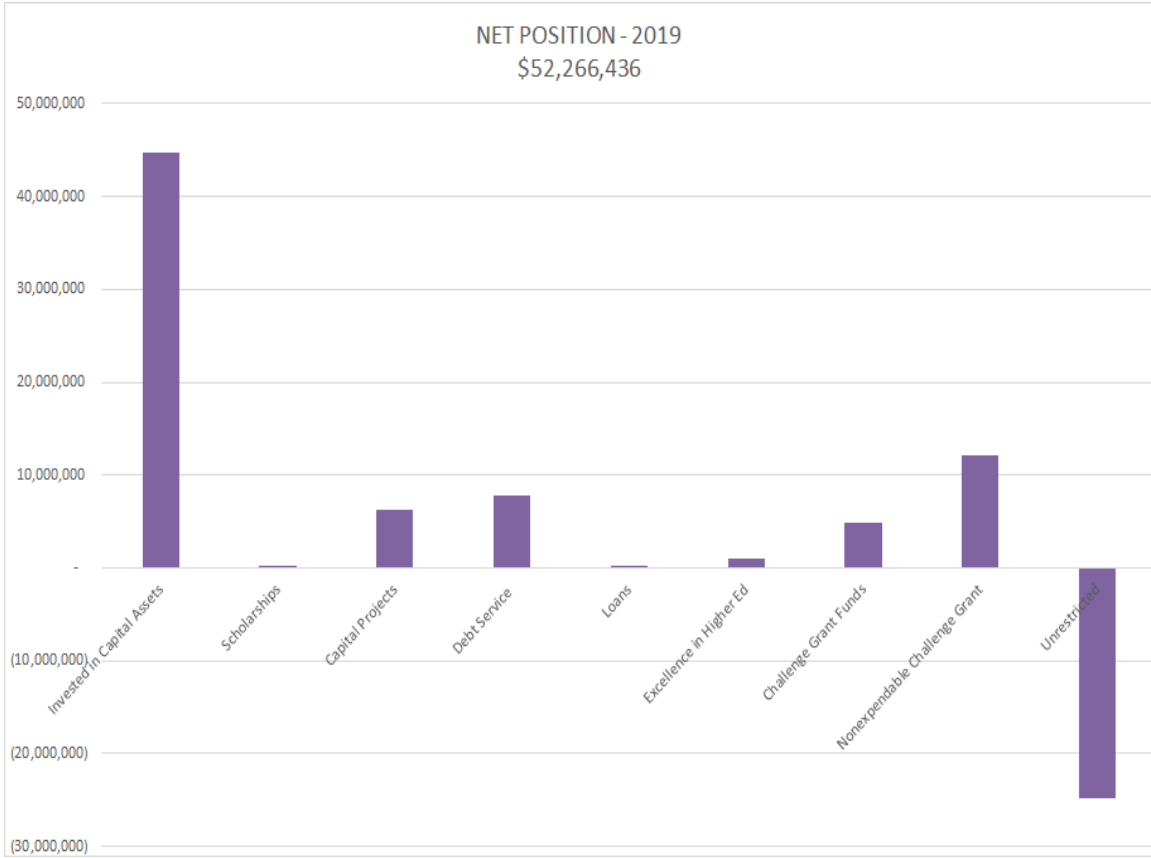

The balance of this page is intentionally left blank.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

Tuition and Fee revenue, prior to recognition of scholarship allowances, increased \$442,694 over the previous year as FTE enrollment increased slightly for fiscal year 2019. The Wyoming Community College Commission did not increase tuition rates for fiscal year 2019, however, fee rates increased by \$2 per credit hour for FY2019. In addition, effective with the Fall 2018 semester, mandatory per credit fees were assessed for each credit. The total Tuition and Fees were \$9,353,252 compared to \$8,910,558 in 2018.

Auxiliary Enterprise revenue, before scholarship allowance, decreased even though there was an approved rate increase of approximately 2.32% for fiscal year 2019 for the nineteen-meal per week plan with double occupancy. Overall, occupancy levels in the student residence hall were down in fiscal year 2019 from fiscal year 2018, which is largely responsible for the decrease. Detailed schedules of many of the auxiliary operations begin on page 40 of the audit report.

Local Tax revenues received from Natrona County based on assessed valuation decreased approximately 1.19% in fiscal year 2019 as compared to those in fiscal year 2018.

The amounts received for Direct Federal Student Financial Assistance (including student loan programs) decreased over 2018 (4.45%). A total of \$6,676,121 was expended for the year compared to \$6,987,553 in 2018 and \$6,165,844 in 2017. Total expenditures of all Federal Awards for 2019 were \$7,823,487 compared to \$8,294,261 for 2018 which can be compared to \$7,645,076 for 2017. A complete list of all Federal Awards begins on page 37 of the report.

Comparison of Expenses Fiscal Years 2019 thru 2017 (In Millions)

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

The following chart shows a breakdown of gross expenses by function:

Total operating expenses, including depreciation, decreased by approximately \$492,700 over the prior year. Many of the program areas reflect decreased expenditure levels. The amount of funding provided to Pell Grant eligible students increased from the previous year by \$101,641 as FTE enrollment increased slightly for FY2019. Expenditures in the Student Aid program for FY2019 increased by approximately \$414,314 over the prior fiscal year.

Employee compensation and related benefits account for a significant portion of the expenditures. Employees did not receive a salary increase for fiscal year 2019, however, increases were given for educational advancement with movement on the salary scale. Gross expenditures for employees for salaries and benefits decreased approximately \$480,000 from last year (\$33.88 million vs. \$34.36 million).

Instruction and Academic Support programs combined account for 38% of the total which includes the scholarship allowance. This percentage increases to 42% when depreciation, a non-cash expense, is backed out. Bond Interest expense decreased \$61,100 over FY2018. As a result of GASB #68, pension expense for fiscal year 2019 was \$1,897,443 as compared to \$1,302,299 for fiscal year 2018. In accordance with GASB #75, the OPEB expense for fiscal year 2019 was \$1,409,223 as compared to \$1,568,734 for fiscal year 2018.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

Overall, operating expenses exceeded operating revenues by \$38.4 million which creates an operating deficit. This large deficit is expected as State Appropriations and Local Tax Levies are classified as non-operating revenues. State Appropriations of \$24.53 million were received during the year, a \$564,345 increase over the previous year. The majority of revenue classified as State Appropriations is attributed to formula distribution by the Wyoming Community College Commission. Significant state funding (\$4.69 million) was also provided for employee health insurance benefits, and nursing program support (\$83,661). Local tax receipts decreased \$126,280 (1.19%) as assessed valuations in Natrona County for fiscal year 2019 as compared to those in fiscal year 2018.

Including non-operating revenue, total expenditures exceeded revenues by approximately \$3.0 million for the period. Additionally, restricted capital appropriations and capital grants and gifts totaling \$3,530,843 were received. Combining all operating and non-operating income and expenses, net position of the College increased \$523,791 for the year compared to a decrease of \$514,465 in 2018.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

Financial Highlights – Statement of Cash Flows – (See Page 13)

Operating activities used \$33.6 million in cash. The use of cash resulted from the operating loss of \$38.4 million offset by the non-cash expense of depreciation. Other less significant sources and uses of cash contributed to the overall decrease in Cash from Operating Activities (see page 13); however, cash provided by Non-Capital Financing Activities, State Support, and Local Taxes eliminated the deficit.

Cash flows regarding Capital and Related Financing Activities reflect a cash increase of \$1,052,840 from fiscal year 2018, which is a result of increased state appropriations for capital improvements. Cash Flows from Investing Activities show a net cash increase of approximately \$40,419 during fiscal year 2019 compared to net cash decrease of \$718,219 for fiscal year 2018. This increase is due to the fact that there were no matching gifts received from the State for the Challenge Match program that are invested with the Casper College Foundation and a small increase in investment and interest income compared to the prior year.

Overall, cash increased \$3,030,011 during fiscal year 2019 resulting in a cash balance of \$18,264,227 at June 30, 2019 as compared to \$15,234,216 at June 30, 2018.

Financial Statements – Casper College Foundation (Component Unit)

As required by GASB Statement Number 39, The Casper College Foundation is included in the audit report as a component unit of the College (see Note 1, page 16). The Foundation is a discretely presented component unit because its resources directly benefit the College and its students even though it has a board of directors that are independent of the College. The statements of the Foundation are presented separately on pages 7, 10-12 and 15. The College does not control the timing of receipts, expenditures, or investments of the Foundation as they are determined by the Foundation’s Board of Directors.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

Financial Highlights – Economic Outlook

Declining enrollments and the continued uncertainty of stable funding from Natrona County property taxes and state appropriations continue to impact college funding. Casper College continues to review, evaluate, and prioritize expenditures to maintain ongoing services, achieve greater efficiencies, and advance new programs. An immediate concern is the rapidly increasing health insurance rates and the ability of the state to continue the appropriation necessary to support the 85% reimbursement for health insurance to community colleges. The 2021 – 2022 biennium budget does not currently reflect reductions to the standard budget for community colleges. However, the budget does not include the appropriation necessary to fund increasing health insurance costs. The Governor refers to a “storm on our horizon that is significant in size and scope” that is a result of the continued decline in revenue sources that have been the mainstay of Wyoming’s financial framework.

According to the October 2019 Consensus Revenue Estimating Group (CREG) report the actual fiscal year 2019 General Fund revenues exceeded the January 2019 CREG forecast by \$218.2 million. The October 2019 report continues to report that although FY 2019 actual revenues remaining in the general fund exceeded the January 2019 forecast by \$61.6 million, the FY2020 forecast revenue is reduced by \$41.0 million, leaving \$20.6 million available for savings or appropriation by policymakers. This amount has been further impacted by various factors which net to an additional \$100K, increasing the total amount available for appropriation in the 2019-2020 biennium by \$20.7 million.

According to the October report FY 2019 revenues to the state can be characterized by stronger than forecast oil production, natural gas prices, and sales and use tax collections. Looking forward to FY 2020 the forecast includes the continuation of strength in oil production and sales and use taxes with modest, short-term increases in anticipated state revenue through the first part of FY 2020. However, the reduced outlook for coal production; which over the last decade has declined by 35 percent; low natural gas prices, and investment earnings overshadow the positive outlook for oil and sales and use taxes. The January CREG report is anticipated to be less positive regarding revenue projections.

An enrollment decline continues across the Wyoming community colleges. The one-year change in full-time equivalent (FTE) enrollment for all Wyoming community colleges was a negative 3.1% as compared to a negative 2.5% change in 2018. The system-wide percentage decline in enrollment has continued for the last seven years. However, enrollment at Casper College for fiscal year 2019 as compared to fiscal year 2018 increased slightly. The one-year change in FTE enrollment at Casper College increased by 165 FTE (1.5%) for fiscal year 2019 as compared to fiscal year 2018. Casper College continues to focus on enrollment management to foster, coordinate and support collaboration between departments to enhance the quality of the student experience from initial contact thru graduation. Enrollment projections at Casper College for fiscal year 2020 suggest that enrollment will be similar to fiscal year 2019. Preliminary enrollment projections for Casper College for fiscal year 2021 indicate enrollment will likely be flat.

**CASPER COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2019 AND 2018**

The economy in Natrona County has improved slightly from last year as evidenced by a comparison of sales tax revenue from the Wyoming Department of Audit report that indicates that the 4 percent sales tax attributed to taxable sales in fiscal year 2019 was 12.9 percent greater than fiscal year 2018. Total Use Tax collections for 2019 for Natrona County were approximately \$8.9 million as compared to slightly more than \$3.0 million for 2018; an increase of 195 percent. The September 2019 unemployment rate at 4.1% is considerably lower than the year ago rate of 4.6%. In the Casper housing market, year-to-date home sales volume moved ahead of 2018 and home prices have leveled off over mid-year 2019.

The assessed valuation of Natrona County for fiscal year 2020 increased slightly over 2019; approximately one percent. State-wide assessed valuations increased slightly for fiscal year 2020 reflecting the impact of a more positive outlook on Wyoming economic activity. Early state-wide estimates of assessed valuations from counties who provide local support to colleges are projected with small increases as mineral valuations moderate. However, declining coal production and continued low natural gas prices make the future of assessed valuations difficult to predict.

The Wyoming Community College Commission (WCCC) approved an increase of \$5 (approximately 5%) per credit hour for the in-state tuition rate for fiscal year 2020 and set the cap on tuition charges at fifteen credits per semester. During their October 2019 meeting, the WCCC determined that tuition rates would not be increased for fiscal year 2021.

Across the state per credit tuition rates are standardized but mandatory per credit fees and course fees are established upon the recommendation of the administration of each college with approval by their Board of Trustees. Casper College mandatory per credit fees were increased from \$34 to \$36 per credit hour for fiscal year 2020. The increase was directed for the support of digital technology improvements that are necessary for both students and staff. It is likely that there will be a recommendation to increase mandatory per credit fees for fiscal year 2021 with the majority of the allocation directed to technology.

The college continues to plan for future construction and renovation projects. Two projects remain a priority; the Indoor Practice Arena, which is due to be complete in early 2020, and the Visual Arts Building. The Visual Arts Building was included in the 2018 State of Wyoming capital construction budget and received Level III construction funding. The Casper College Foundation recently formalized their support to fund the Casper College match required.

INDEPENDENT AUDITORS' REPORT

To the Casper Community College District Board
Casper Community College District
Casper, Wyoming

We have audited the accompanying financial statements of Casper Community College District and its discretely presented component unit, Casper College Foundation, as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Casper College Foundation were not audited in accordance with *Government Auditing Standards*, but were audited in accordance with auditing standards generally accepted in the United States of America.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Casper Community College District and its discretely presented component unit, Casper College Foundation, as of June 30, 2019 and 2018, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i to xii and the Schedule of Casper College's Proportionate Share of the Net Pension Liability, Schedule of Casper College's Contributions and Schedule of Casper College's Proportionate Share of the Net OPEB Liability on pages 48 through 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Casper Community College District's basic financial statements. The accompanying financial information listed as Supplemental Schedules 2-9 in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplemental schedules 2-9 and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules 2-9 and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2019, on our consideration of Casper Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Casper Community College District's internal control over financial reporting and compliance.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by Casper Community College District (College), a public institution of higher learning, are described below. The College boundaries are the same as Natrona County, Wyoming. As a public institution, the College receives funding from the State of Wyoming upon approval of the state legislature.

The Financial Reporting Entity – As required by generally accepted accounting principles, these financial statements present the Casper Community College District and its discretely presented component unit, the Casper College Foundation.

The College follows Governmental Accounting Standards Board (GASB) Statement Number 61, *The Financial Reporting Entity: Omnibus* and Number 39, *Determining Whether Certain Organizations are Component Units* both of which amended GASB Statement No. 14, *The Financial Reporting Entity* to provide additional guidance to determine whether certain organizations for which the College is not financially accountable should be reported as component units based on the nature and significance of their relationship with the College.

As defined by GASB Statement Number 61 and 39, the Casper College Foundation (Foundation) is a legally separate, tax-exempt component unit of the College. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The board of the Foundation consists of College board members as well as members of the Casper community. Although the College does not control the timing or amount of receipts from the Foundation, the resources, or income thereon that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by or for the benefit of the College, the Foundation is considered a component unit of the College. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a private not-for-profit organization that reports under Financial Accounting Standards Board (FASB) standards. Most significant to the Foundation's operations and reporting model are FASB standards found in section 958 of the FASB codification of standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences.

Financial statements for the Foundation can be obtained by calling the Foundation at (307) 268-2256.

Financial Statement Presentation – The College's financial statements are presented in accordance with the requirements of Governmental Accounting Standards Board (GASB) Statement Number 34, *Basic Financial Statements and Management's Discussion and Analysis – for State and Local Governments*, GASB Statement Number 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, GASB Statement Number 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement Number 65 *Items Previously Reported as Assets and Liabilities*. Under GASB Statements Number 34, 35, 63, and 65, the College is required to present a statement of net position classified between assets, deferred outflows, liabilities and deferred inflows, a statement of revenues, expenses, and changes in net position, with separate presentation for operating and non-operating revenues and expenses, and a statement of cash flows using the direct method.

Basis of Accounting – For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents – For the purpose of the statement of cash flows, the College considers all certificates of deposit and money market accounts to be cash equivalents.

Accounts Receivable – A provision for possible losses has not been established for the accounts receivable as any potential loss is not considered significant to the financial statements. The College does not require collateral on its accounts receivable.

Investments – The College accounts for its investments at fair value, as determined by quoted market prices, in accordance with GASB Statement Number 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position.

Noncurrent Cash and Investments – Cash and investments that are externally restricted for long-term debt service payments or the purchase of capital assets are classified as noncurrent assets in the statement of net position.

Property and Equipment – Property and equipment are recorded at cost at the date of acquisition, or fair value at the date of donation in the case of gifts. For equipment, the College’s capitalization policy requires capitalization of all items with a unit cost of \$5,000 or more, and an estimated useful life of greater than three years.

Major renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized when the aggregate cost is greater than \$50,000. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

Property and equipment of the College are depreciated using the straight-line method over the following useful lives:

Asset	Years
Buildings	40
Building Improvements	20
Land Improvements	20
Infrastructure	25 - 50
Equipment	3 - 14
Library Books	5

Accrued Compensated Absences – College employees may accrue annual leave based on length of service to a maximum that does not exceed the amount allowed in one and one half calendar years. Accrued leave is paid upon termination. The estimated amount of accrued compensated absences to be paid within one year is included in accrued liabilities in the statement of net position. (See Note 4 for the estimated long-term portion.)

Defined benefit pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wyoming Retirement System (WRS) and additions to/deductions from the WRS’s fiduciary net position have been determined on the same basis as they are reported by the WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other postemployment benefits (OPEB) - For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense associated with the State of Wyoming Group Insurance Retiree Health Plan, have been determined on the same basis as they are reported by the State of Wyoming. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Net Position – The College’s net position is classified as follows:

Invested in capital assets, net of related debt – This represents the College’s total investment in capital assets, net of outstanding debt obligations related to those capital assets.

Restricted net position – expendable – Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Restricted net position – nonexpendable – Restricted nonexpendable net position consists of funds received from the State Endowment Challenge Program, which cannot be spent. The earnings on investments will be available based on donor restrictions.

Unrestricted net position – Unrestricted net position represents resources derived from student tuition and fees, state appropriations, general property taxes and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College’s policy is to first apply the expense towards restricted resources and then towards unrestricted resources.

Property Taxes – Property taxes attach as an enforceable lien on property in May of each year. Taxes are levied on or about August 1 and payable in two installments, which are due November 10th and May 10th. The County bills and collects its own property taxes as well as taxes for all municipalities and political subdivisions within the County, including the Casper Community College District.

Classification of Revenues – The College has classified its revenues as either operating or nonoperating according to the following criteria:

Operating Revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship allowances, (2) sales and services of auxiliary enterprises, net of scholarship allowances and (3) certain federal, state, local and private grants and contracts.

Nonoperating Revenues – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Number 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that use Proprietary Fund Accounting*, and GASB Number 34, such as state appropriations, property taxes, investment and interest income, and federal and state grants to students.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Scholarship Allowances – Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship allowances in the statement of revenues, expenses and changes in net position. Scholarship allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, are recorded as a scholarship allowance to the extent that revenues from such programs are used to satisfy tuition and fees and other student charges.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Component unit – Outlined below are the significant differences in accounting policies and principles for the Foundation:

As required by the FASB standards, the Foundation reports its net assets in the following classes:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. Net assets without donor restrictions are further divided into undesignated net assets without donor restrictions and designated net assets without donor restrictions. Designated net assets without donor restrictions are those assets which are unrestricted, but designated by the Foundation's Board for specified purposes.

Net Assets With Donor Restrictions – Net assets subject to donor – (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions are recorded at their fair value at the earlier of the date of the donation or the unconditional promise to give. Unconditional promises to give (less an allowance for uncollectible amounts) are recorded as receivables in the year the promise is made.

Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Foundation reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. The Foundation does not have a formal capitalization policy. Property and equipment are depreciated using the straight-line method over the useful life of the asset.

Gifts of mineral interests in oil and gas leases located in the Rocky Mountain region are recorded at their fair value at the date of the gift. Leases abandoned are recorded as an expense.

Assets Held for Display Purposes are recorded at their fair value as of the date of the donation.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications – Certain elements of the 2018 financial statements have been reclassified to conform to the 2019 presentation, with no effect on total assets, net position or the change in net position.

NOTE 2 – CASH AND INVESTMENTS

Cash Deposits

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the College’s deposits may not be returned to it. The College’s policy requires that all deposits be insured or collateralized in accordance with W.S. 9-4-821.

Deposits – The carrying amount of the College's deposits with financial institutions at June 30, 2019 and 2018 was \$18,254,043 and \$15,222,564, respectively, and the bank balance was \$18,527,417 and \$15,608,600, respectively. At June 30, 2019 and 2018, the bank balance was insured or fully collateralized with securities held by the pledging financial institution in the College’s name.

Investments Held by Casper College – At June 30, 2019 and 2018, Casper College held investments of:

	2019	2018
WYOSTAR	\$ 3,689,579	\$ 7,571,007
WGIF	4,039,221	-
	\$ 7,728,800	\$ 7,571,007

Interest Rate Risk – In order to mitigate interest rate risk and provide for cash flow needs, it is the College’s policy to invest only in short-term government securities with maturities of less than a year.

Credit Risk – Investments are limited to certain federal government instruments, savings certificates of savings and loan associations, and bank certificates of deposit as authorized by W.S. 9-4-831. Under investment agreements with WYOSTAR and WGIF, the College has invested monies at a federal contract rate of interest. Because the security is essentially a written contract, there is no rating available for such an investment, however, under Wyoming statutes, underlying providers are required to have the highest rating from at least one of the nationally recognized rating organizations. As of June 30, 2019, the State Treasurer's Investment Pool (WYOSTAR) did not have a quality service credit rating. As of June 30, 2019, the WGIF Liquid Asset Series had a money market investment rating of AAAM.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterpart, the College will not be able to recover the value of its investments that are in the possession of an outside party. All of the College’s investments are held by the counterpart in the College’s name.

The College is authorized by Wyoming statute to invest in various federal government instruments and certificates of deposits from banks and savings and loan associations.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

Investments held by Casper College Foundation on behalf of Casper College

Investment Policy – It is the policy of the College to invest Endowment Challenge Program investments under a memorandum of agreement with the Casper College Foundation. The amounts are invested in accordance with the Casper College Foundation’s investment policies on behalf of the College as allowed by Wyoming Statute. All investment vehicles must be in compliance with the Wyoming Community College Endowment Challenge Program and the laws of the State of Wyoming. Effective March 12, 2009, the State of Wyoming enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). The Board of Trustees of the Foundation has interpreted UPMIFA as requiring the preservation of the value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. The general economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. The investment policies of the Foundation

Return Objectives and Risk Parameters – The Foundation has adopted investment and spending policies for endowment assets with the primary investment objective of a balance among capital appreciation, preservation of capital, and current income. This should allow the Foundation to reach its primary long-term goal: to achieve a total return sufficient to support a level of current spending which will be constant as a percent of investable assets and, in absolute terms, grows at least as rapidly as inflation. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s). The Foundation expects its endowment funds, over time, to provide an overall long-term return of 5-6% above inflation, depending upon events in the capital markets and the expertise of managers hired. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives – To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Foundation has adopted a target asset allocation policy of 75% equities and 25% fixed income for its restricted assets and a 60% equities, 15% fixed income, and 25% alternative investments asset allocation policy for unrestricted assets.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

Investments held by Casper College Foundation on behalf of Casper College (Continued)

Spending Policy and How the Investment Objectives Relate to Spending Policy – The Foundation has a policy of appropriating for distribution each year 3 - 5 percent of the June 30th balance of each endowment fund, averaged over the past 5 years, to be available for the next fiscal year. If the fund has no net earnings, defined as cumulative dividends, interest, unrealized market value increases and decreases less expenses, the Board has determined that it will have an annual line of credit available from unrestricted monies. These monies are available to the fund at an interest rate of 5%. If the fund has earnings the next year, the interest will be paid back first and then the principal of the line of credit. Once the interest and principal have been paid, the fund can then use its remaining net income to fund the next fiscal year’s budget. The availability of the line of credit will be reviewed annually by the Board. In establishing this policy, the Foundation considered the long-term expected return on its endowments.

Foundation investments are carried at fair value as determined by quoted market prices (except as noted below) and realized and unrealized gains and losses are reflected in the statement of activities. Investments by major type, as of June 30, 2019 and 2018 are as follows:

	2019	2018
Publicly traded mutual funds	\$ 93,412,254	\$ 90,427,429
Publicly traded equity securities	169,253	169,803
Alternative investments	7,406,683	7,118,525
	<u>\$100,988,190</u>	<u>\$ 97,715,757</u>

Fair values of assets at June 30, 2019 and 2018 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Units Level 2	Significant Unobservable Units Level 3
<u>2019</u>				
Publicly traded mutual funds	\$ 93,412,254	\$ 93,412,254	\$ -	\$ -

JUNE 30, 2019 AND 2018**

NOTE 4 – LONG-TERM LIABILITIES

Bonds payable (Continued)

- (2) The bonds were issued for the construction of a student residence hall. The bonds are taxable Build America Bonds with certain net revenues of the College to be used to pay for the debt service on the bonds, which includes financial contributions from the Casper College Foundation. The College also received a subsidy from the United States Treasury equal to 33% (35% less 6.2% due to sequestration) of the interest cost on these bonds for the years ending June 30, 2019 and 2018. The subsidy is used to offset the interest costs associated with taxable Build America Bonds. For the year ending June 30, 2020, the College has been notified that their 35% interest subsidy will be reduced by 5.9% due to sequestration.
- (3) The bonds were issued for the construction of buildings. The full faith and credit of the College is pledged for the punctual payment of the bond principal and interest. Annually, taxes are levied on property within the County in an amount sufficient for payment of bond principal and interest. The taxes are collected by Natrona County and amounts collected by the County, which have not yet been remitted to bondholders, are reported in the statement of net position as "Deposits with Bond Trustee".
- (4) The bonds were issued for the construction of buildings. The full faith and credit of the College is pledged for the punctual payment of the bond principal and interest. Annually, taxes are levied on property within the County in an amount sufficient for payment of bond principal and interest. The taxes are collected by Natrona County and amounts collected by the County, which have not yet been remitted to bondholders, are reported in the statement of net position as "Deposits with Bond Trustee". The bonds are taxable Build America Bonds whereby the College received a subsidy from the United States Treasury equal to 33% of the interest cost on these bonds for the years ending June 30, 2019 and 2018 which is the interest subsidy of 35% less a reduction for sequestration. The subsidy is used to offset the interest costs associated with taxable Build America Bonds. For the year ending June 30, 2020, the College has been notified that their 35% interest subsidy will be reduced by 5.9% due to sequestration.
- (5) The interest rates reflect the range of interest rates from inception to maturity.

A summary of future bond principal and interest payments as of June 30, 2019 is as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest, Net of Subsidy</u>	<u>Total</u>
2020	\$ 1,805,000	\$ 1,761,078	\$ 3,566,078

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 4 – LONG-TERM LIABILITIES (CONTINUED)

Early Retirement Payable – The College has a voluntary program for employees meeting certain age and years of service requirements that allows the employee to elect to receive a severance payment which is based upon the salary for the last fiscal year, years of prior service and the age of the employee. The payment is paid in five equal annual installments and, in the case of death, the remaining installments will be paid to a named beneficiary. The program is subject to yearly approval by the Board of Trustees. The obligation is presented at its estimated present value using a discount rate of 3.0%. The current portion of the obligation is included in accrued expenses in the accompanying financial statements.

Aggregate future minimum payments, as of June 30, 2019, are as follows:

<u>Year</u>	<u>Present Value</u>	<u>Imputed Interest</u>	<u>Total</u>
2020	\$ 677,820	\$ 94	\$ 677,914
2021	374,796	14,148	388,944
2022	90,384	2,758	93,142
	<u>\$ 1,143,000</u>	<u>\$ 17,000</u>	<u>\$ 1,160,000</u>

Effective July 1, 2016 the maximum percentage to be paid out was reduced from 150% to 75% and the years of service was increased from 10 years to 15 years for new applicants. The program was terminated effective July 1, 2017 whereby all current participants will continue to receive benefits but no new applicants were accepted.

Note Payable - Casper College Foundation – In a prior year, Casper College borrowed \$2,000,000 from Casper College Foundation to be used towards the purchase of the Casper College ranch property. A ten year note was created with an annual interest rate of 5%. The College will make semi-annual payments on this note with the final payment in the year ending June 30, 2024.

A summary of future principal and interest payments as of June 30, 2019 is as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 202,953	\$ 53,636	\$ 256,589
2021	213,227	43,362	256,589
2022	224,021	32,568	256,589
2023	235,362	21,227	256,589
2024	247,277	9,311	256,588
	<u>\$ 1,122,840</u>	<u>\$ 160,104</u>	<u>\$ 1,282,944</u>

NOTE 5 - DEFERRED REVENUE

Deferred inflows of resources includes deferred revenue as follows:

	2019	2018
Deferred University of Wyoming lease revenue	\$ 14,079,799	\$ 14,396,198
Deferred property tax revenue	3,121,100	3,043,400
Deferred tuition and fees revenue	451,090	430,475
Deferred grant revenue	112,012	95,019
Total deferred revenue	\$ 17,764,001	\$ 17,965,092

NOTE 6 - RELATED ENTITIES

The Casper College Foundation (a component unit) leases various buildings to the College, and in turn, the College leases to the Foundation the land on which the structures are situated, for which no rent is actually paid by either party. For the years ended June 30, 2019 and 2018, the Foundation gifted \$724,000 to the College, which represents the excess of the rental expense over the rental income for the land. Rental amounts are based on fair rentals for similar types of property in the area.

Included in the statement of revenues, expenses, and changes in net position, under the caption *Capital grants and gifts*, for the years ended June 30, 2019 and 2018 is \$719,079 and \$29,288, respectively, of support from the Foundation for gifted equipment or assistance purchasing equipment. Included under the caption *Private grants and contracts* for the years ended June 30, 2019 and 2018 is \$65,000 and \$45,000, respectively, of support for each year from the Foundation for the College's day care facility. Also included under the caption *Private grants and contracts*, for the years ended June 30, 2019 and 2018, are operating grants from the Foundation in the amount of \$334,750 and \$131,070, respectively.

The College leases the Thorson Apartments from the Foundation. The terms of the agreement require the College to pay the Foundation 50% of rental income each year. For the years ended June 30, 2019 and 2018, the College paid the Foundation rent of \$26,043 and \$26,804, respectively.

In a prior year, the Foundation entered into an agreement to support the College's payment obligations under revenue bonds issued in the spring of 2010 for the construction of residence halls. The total pledged amount for the revenue bond agreement was \$19,634,000 to be paid over 29 years. In each of the years ended June 30, 2019 and 2018, the Foundation made payments totaling \$650,000 on this pledge and is included under the caption *Private grants and contracts*. The agreement requires the Foundation to make semi-annual payments together totaling not more than \$650,000 each fiscal year hereafter. The total outstanding pledged amount as of June 30, 2019, is \$13,650,000 and is included under the caption *Pledge payable - Casper Community College District residence hall* and payable as follows:

Year ending June 30,		
2020	\$	650,000
2021		650,000
2022		650,000
2023		650,000
2024		650,000
Thereafter		10,400,000
		\$ 13,650,000

NOTE 7 - RETIREMENT PROGRAMS

The College offers the choice between two retirement plans and a deferred compensation plan described below.

Teachers Insurance and Annuity Association/College Retirement Equities Fund

All full-time College employees may enroll in an alternative retirement plan through the College administered Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF), as allowed by Wyoming State Statutes. The Plan is a defined contribution plan and, accordingly, benefits depend solely on amounts contributed to the Plan, plus investment earnings.

The participants have personal contracts with TIAA-CREF and personally own the annuities. This full vesting allows participants to transfer to other employers which participate in TIAA-CREF and continue to accumulate retirement benefits. Contribution rates and contributions are as follows for the years ended June 30:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Effective Date of Rate Change	September 1, 2018	July 1, 2017	July 1, 2016
Employer contribution rate	14.190%	13.940%	14.315%
Employee contribution rate	2.930%	2.680%	2.305%
	<u>17.120%</u>	<u>16.620%</u>	<u>16.620%</u>
Total contributions	<u>\$ 1,236,873</u>	<u>\$ 1,272,345</u>	<u>\$ 1,359,779</u>

The balance of this page is intentionally left blank.

NOTE 7 - RETIREMENT PROGRAMS (CONTINUED)

Wyoming Retirement System

The College contributes to the Wyoming Retirement System (System), a cost-sharing multiple-employer defined benefit pension plan administered by the Wyoming Retirement Board. The System provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The Wyoming Legislature statutorily establishes and amends benefit provisions.

Retirement Commitment-Wyoming Retirement System

Benefits provided – The determination of retirement benefits is dependent upon the employee’s initial employment date.

Service Retirement Tier 1: Full retirement at age 60 with 4 years of service or qualifies for the Rule of 85. Early retirement is permitted at age 50 or 25 years of service. Formula for retirement equals 2.125% times the number of years of service times 3 years highest average salary for the first fifteen years and 2.25% time the number of years of service times 3 highest average over fifteen.

Service Retirement Tier 2: Full retirement at age 65 with 4 years of service or qualifies for the Rule of 85. Early retirement is permitted at age 55 or 25 years of service. Formula for retirement equals 2% times the number of years of service times the 5 year highest average salary.

Contributions – Contribution rates and contributions are as follows for the years ended June 30:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Effective Date of Rate Change	September 1, 2018	July 1, 2017	July 1, 2016
Employer contribution rate	14.190%	13.940%	14.315%
Employee contribution rate	2.930%	2.680%	2.305%
	<u>17.120%</u>	<u>16.620%</u>	<u>16.620%</u>
Total contributions	<u>\$ 1,710,855</u>	<u>\$ 1,702,508</u>	<u>\$ 1,752,606</u>

Pension liabilities, pension expense, deferred outflows of resources and deferred inflows of resources related to pensions – At June 30, 2019 and 2018, the College reported a liability of \$20,912,648 and \$15,747,531, respectively for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2019. The College’s proportion of the net pension liability was based on the relationship of the College total contributions to the plan for the year ended December 31, 2017 to the contributions of all participating employers for the same period. At December 31, 2018, the College’s proportion was 0.687% which was a decrease from its December 31, 2017 proportion of 0.691%.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 7 - RETIREMENT PROGRAMS (CONTINUED)

Retirement Commitment-Wyoming Retirement System (Continued)

For the years ended June 30, 2019 and 2018, the College recognized pension expense of \$1,897,443 and \$1,302,299, respectively. The College reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

	June 30, 2019		June 30, 2018	
	Deferred Outflows	Deferred Inflows	Deferred Outflows	Deferred Inflows
Changes in proportion and differences between employer contributions and proportionate share of contributions	\$ 6,181,629	\$ 2,611,238	\$ 3,648,473	\$ 3,331,408
Contributions subsequent to the measurement date	539,673	-	525,325	-
	<u>\$ 6,721,302</u>	<u>\$ 2,611,238</u>	<u>\$ 4,173,798</u>	<u>\$ 3,331,408</u>

\$539,673 reported as deferred outflows of resources related to pensions resulting from the College's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020.

Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	Deferred Outflows	Deferred Inflows
2020	\$ 2,425,933	\$ (947,378)
2021	1,574,635	(885,787)
2022	1,139,421	(772,192)
2023	1,041,640	(5,881)
	<u>\$ 6,181,629</u>	<u>\$ (2,611,238)</u>

Actuarial assumptions – The total pension liability in the January 1, 2019 and 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	4.75% - 8.75%, including inflation
Payroll growth rate	2.5%
Cost of living increase	0.00%
Investment rate of return	7.00%, net of pension plan investment expense

Mortality rates were based on the RP-2014 Mortality Tables for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale MP-2017.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 7 - RETIREMENT PROGRAMS (CONTINUED)

Retirement Commitment-Wyoming Retirement System (Continued)

Long-Term Expected Rate of Return – The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	June 30, 2019		June 30, 2018	
	Target Allocation	Long-Term Expected Arithmetic Real Rate of	Target Allocation	Long-Term Expected Arithmetic Real Rate of
Fixed income	20.00%	2.00%	20.00%	1.77%
Equity	49.00%	7.40%	45.00%	6.88%
Marketable alternatives	19.00%	3.50%	17.50%	3.30%
Private markets	12.00%	7.00%	17.50%	7.11%
Cash	0.00%	0.30%	0.00%	0.40%
Total	100.00%		100.00%	

Experience analysis – An experience study was conducted on behalf of all WRS’ plans covering the five-year period ended December 31, 2016. That study provided a detailed analysis concerning the development of the long-term inflation rate, real rate of return and discount rate. The study also analyzed each major actuarial assumption (e.g., mortality, salary increases, retirement, termination and disability) and proposed assumptions consistent with the findings.

Discount rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the current contribution rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the employer’s proportionate share of the net pension liability to changes in the discount rate – The following presents the College’s proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the College’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

Proportionate share of the net pension liability	1% Decrease	Current	1% Increase
	(6.00%)	Discout Rate (7.00%)	(8.00%)
	\$ 29,003,507	\$ 20,912,648	\$ 14,161,541

NOTE 7 - RETIREMENT PROGRAMS (CONTINUED)

Retirement Commitment-Wyoming Retirement System (Continued)

Pension plan fiduciary net position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued WRS financial report available from the Wyoming Retirement System, 6101 Yellowstone Road, Cheyenne, Wyoming 82002 or at <http://retirement.state.wy.us/home/index.html>.

State Deferred Compensation Plan

The College also offers its employees a deferred compensation plan created in accordance with Internal Revenue Service Code Section 457. The Plan, available to all regular full and part-time College employees, permits them to defer a portion of their salary to future years. The deferred compensation is not available to the employee or their beneficiaries until termination, retirement, death, or unforeseeable emergency. The Plan provides diverse investment alternatives for the participant.

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

On July 1, 2017, the College implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which recognizes a long-term obligation for OPEB benefits. The accounting change adopted to conform to the provisions of GASB 75 has been applied retroactively by restating the beginning net position for the fiscal year ended June 30, 2018, which included recording a total OPEB obligation of \$21,169,645.

Plan description - Eligible employees of the College are provided with OPEB through the State of Wyoming Group Insurance Retiree Health Plan (Plan) – a cost-sharing multiple-employer defined benefit OPEB plan administered by the State of Wyoming Employee Group Insurance (EGI). Any employee of a participating agency is eligible for retiree coverage under the Plan at premium rates established by EGI, provided that 1) the employee had coverage in effect under the Plan for at least one year just prior to termination; and 2) the employee is eligible to receive a retirement benefit under the Wyoming Retirement System/TIAA-CREF and either a) has attained age 50 with at least four years of service credit as an employee of one of the employing entities participating in the Plan or b) has at least 20 years of service credit as an employee of one of the employing entities participating in the Plan. Retirement eligibility varies under each system within the Wyoming Retirement System. The State of Wyoming Legislature has the authority to establish and amend the benefit terms of the plan. The Plan does not issue a separate report; however, additional Plan information can be obtained from the State of Wyoming’s Comprehensive Annual Financial Report.

Benefits provided - The Plan provides medical and prescription drug benefits for retirees and their dependents through payment of insurance premiums for life. Surviving spouses are allowed to continue coverage after the retiree’s death provided they were covered at the time of death.

Funding Policy - EGI finances this program on a pay-as-you-go basis and has no assets held in trust. The State of Wyoming Legislature has the authority for establishing and amending the funding policy.

JUNE 30, 2019 AND 2018**

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONTINUED)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB - At June 30, 2019 and 2018 the College reported a liability of \$26,204,849 and \$20,294,708, respectively, for its proportionate share of the collective total OPEB liability. The collective total OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the collective total OPEB liability was determined by an actuarial valuation as of June 30, 2019. The College's proportion of the collective total OPEB liability was based on a projection of the College's expected payments/contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. The projection of the sharing of benefit-related costs is based on an established pattern of practice. At June 30, 2019 and 2018, the College's proportion was 2.57050% and 2.56573%, respectively.

For the years ended June 30, 2019 and 2018, the College recognized OPEB expense of \$1,409,223 and \$1,568,734, respectively. At June 30, 2019 and 2018, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	June 30, 2019		June 30, 2018	
	Deferred Outflows	Deferred Inflows	Deferred Outflows	Deferred Inflows
Differences between expected and actual experience	\$ 5,384,577	\$ -	\$ 945,582	\$ -
Changes of assumptions	-	3,327,189	-	3,389,112
	<u>\$ 5,384,577</u>	<u>\$ 3,327,189</u>	<u>\$ 945,582</u>	<u>\$ 3,389,112</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the College's OPEB expense as follows:

Year ended June 30,	Deferred Outflows	Deferred Inflows
2020	\$ 679,175	\$ (462,419)
2021	679,175	(462,419)
2022	679,175	(462,419)
2023	679,175	(462,419)
2024	679,175	(462,419)
Thereafter	1,988,702	(1,015,094)
	<u>\$ 5,384,577</u>	<u>\$ (3,327,189)</u>

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONTINUED)

Actuarial assumptions - The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Measurement Date	July 1, 2018 (based on July 1, 2017 census data).
Inflation	2.25%
Salary Increases	2.50% - 8.50%
Mortality Rates	Pre-Termination: RP-2014 Combined, 100% male, 88% female, generational projection using MP-2017. Post-Termination: RP-2014 Combined, 100% male, 88% female, generational projection using MP-2017. Disabled: P-2014 Disabled, 100% male, 100% female, generational projection using MP-2017.
Healthcare Cost Trend Rates	Non-Medicare: 4.50% - 7.20% Medicare: 4.50% - 7.60%
Participation Rate	65% will elect coverage and 30% will cover a spouse.
Spouse Age Differential	Males are assumed to be 3 years older than females.
Cost Method	Entry Age Normal. Under this method, the actuarial accrued liability is based on a prorated portion of the present value of all benefits earned to date over expected future working lifetime as defined by GASB. The proration is determined so that the cost with respect to service accrued from date of hire is recognized as a level percentage of pay over the year. The Normal Cost is equal to the prorated cost for the year of the valuation.
Benefits Excluded	Benefits related to retiree dental and life insurance have been excluded from this valuation.

The health care trend rate assumption was based on national average information from a variety of sources, including S&P Healthcare Economic Index, NHCE data plan renewal data and vendor Rx report with adjustments based on the provisions of the benefits offered by EGI. For the excise tax, the overall value of the benefit was compared to the excise tax threshold. The values of the benefits were assumed to increase with the valuation trend and the excise tax thresholds were assumed to increase by 2.25% per year. On a blended basis, the excise tax threshold is estimated to hit in 2029.

Significant assumptions are based on an experience study that covered a five-year period ending December 31, 2016. Significant assumptions varied within the various retirement Plans within Wyoming Retirement Systems.

Discount rate - The discount rate used to measure the total OPEB liability was 3.87 percent, which represents an increase from the discount rate of 3.58 percent utilized for the June 30, 2017 measurement date. The discount rate is based on the Bond Buyer General Obligation 20-Bond Municipal Bond Index.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONTINUED)

Sensitivity of the College’s proportionate share of the collective total OPEB liability to changes in the discount rate - The following presents the College’s proportionate share of the collective total OPEB liability, as well as what the College’s proportionate share of the collective total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87 percent) or 1-percentagepoint higher (4.87 percent) than the current discount rate:

	1% Decrease (2.87%)	Current Discout Rate (3.87%)	1% Increase (4.87%)
Proportionate share of the collective total OPEB liabiltiy	\$ 32,022,888	\$ 26,204,849	\$ 21,736,794

Sensitivity of the College’s proportionate share of the collective total OPEB liability to changes in the healthcare cost trend rates - The following presents the College’s proportionate share of the collective total OPEB liability, as well as what the College’s proportionate share of the collective total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current Discout Rate	1% Increase
Non-Medicare	6.20%	7.20%	8.20%
Medicare	6.60%	7.60%	8.60%
Total OPEB liability	\$ 21,675,452	\$ 26,204,849	\$ 32,353,078

NOTE 9 - FUNDS HELD IN TRUST BY OTHERS

The College is beneficiary of the Vucurevich Trust, which is held by others and has an aggregate market value of approximately \$799,000 and \$801,000 as of June 30, 2019 and 2018, respectively. The income received by the College from the trust was \$36,146 and \$32,942 for the years ended June 30, 2019 and 2018, respectively.

NOTE 10 - CONTINGENCIES AND COMMITMENTS

At June 30, 2019, the College had outstanding purchase orders of approximately \$1,316,000 which are not reflected in accounts payable nor expenditures as the goods or services had not been received.

Expenditures related to federal and state grants are subject to adjustment based upon review by the granting agencies. The College does not anticipate that adjustments, if any, arising from such reviews will have a material effect on the financial statements.

NOTE 11 – RISK MANAGEMENT

The College is exposed to various risks of loss including torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and students, and natural disasters. The College has purchased commercial insurance for these risks that include insurance for property and liability. The coverage under each type of insurance policy varies in amounts and deductibles. The uninsured risk retention is the amount by which claims exceed coverage. The College has not had significant settlements exceeding insurance coverage in any of the past three fiscal years. The College has had no significant reductions in insurance coverage from coverage in the prior year.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 12 - LEASE INCOME

The College has a fifty year lease with the University of Wyoming that went into effect on January 1, 2014. The lease is for the use of the student union building which was put into service on January 1, 2014. The current cost of the building is \$31,259,201. Per the agreement, the University of Wyoming paid the College a cost sharing amount during the construction of the building which totaled \$15,819,998. This amount was recorded as deferred lease income in the statement of net position. The College will recognize the rent income at \$316,400 per year through the fiscal year 2064. The University of Wyoming is responsible for its share of utility and maintenance costs under the lease. Accumulated depreciation on the student union building at June 30, 2019 and 2018 was \$4,500,370 and \$3,678,120, respectively.

**CASPER COMMUNITY COLLEGE DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2019 AND 2018**

NOTE 1 – RETIREMENT COMMITMENT – WYOMING RETIREMENT SYSTEM

Changes in Benefit Terms - There were no changes in benefit terms between the December 31, 2017 measurement date and the December 31, 2018 measurement date.

Changes in Assumptions

There were no changes in assumptions made between the December 31, 2017 measurement date and the December 31, 2018 measurement date.

There were changes in assumptions made between the December 31, 2016 measurement date and the December 31, 2017 measurement date. The changes resulted in a \$290,801,601 increase to Deferred Outflows of Resources due to Liabilities to be recognized in Future Pension Expense. The portion allocable to the College was \$2,009,138.

NOTE 2 – OPEB COMMITMENT

Changes in Benefit Terms - There were no changes in benefit terms between the June 30, 2017 measurement date and the June 30, 2018 measurement date.

Changes in Assumptions

The valuation reflects the following assumption changes from the June 30, 2017 measurement date to the June 30, 2018 measurement date.

- Discount rate changed from 3.58% to 3.87%.
- Mortality rates were updated to reflect the tables used by the Wyoming Retirement System. Specifically, the mortality assumption was changed from the RP-2006 tables projected using scale MP-2017 to the RP-2014 tables projected using scale MP-2017. See the Actuarial Assumptions and Methods section for additional details.
- In addition to the above changes, the valuation also reflects updated health care claims costs based on recent EGI experience, which was generally higher than expected, and no increase in retiree contributions between 2018 and 2019.

The changes resulted in a \$15,580,507 decrease to the OPEB Liability. The portion allocable to the College was \$400,497.

The valuation reflects the following assumption changes from the June 30, 2016 measurement date to the June 30, 2017 measurement date.

- Discount rate changed from 2.85% to 3.58%.
- Health care trend rates were changed.
- The following assumptions were updated based on the December 31, 2016 actuarial experience study for the Wyoming Retirement System:
 - Mortality rates
 - Retirement rates
 - Withdrawal rates
 - Disability rates
 - Salary increase rates

The changes resulted in a \$148,399,106 decrease to the OPEB Liability. The portion allocable to the College was \$3,807,520.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Casper Community College District Board
Casper Community College District
Casper, Wyoming

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Casper Community College District and its discretely presented component unit, Casper College Foundation, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Casper Community College District's basic financial statements, and have issued our report thereon dated December 12, 2019. The financial statements of the Casper College Foundation were not audited in accordance with *Governmental Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Casper Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Casper Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of Casper Community College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Casper Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Casper Community College District Board
Casper Community College District
Casper, Wyoming

Report on Compliance for Each Major Federal Program

We have audited Casper Community College District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Casper Community College District's major federal programs for the year ended June 30, 2019. Casper Community College District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Casper Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Casper Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Casper Community College District's compliance.

Opinion on Each Major Federal Program

In our opinion, Casper Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Casper Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Casper Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Casper Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
