Serenity Collection

Serenity commercial resilient sheet flooring is designed to support a positive patient experience. The subdued colors and warm textures of wood and textile visuals create a gentle environment ideal for healing. Serenity offers enhanced durability and cleanability as well, ensuring lasting comfort and safety for patients and staff.

With various styles and 20 colors total, Serenity resilient sheet not only coordinates perfectly with Serenity carpet tile it also works beautifully with other Mohawk Group flooring products.

Serenity styles range from natural woods to soft woven linen, to bamboo and linear brushed effects. They reinforce our innate connection to nature while the subdued colors provide a calming, comfortable space for healing.

Serenity Resilient Sheet Performance

- Stain resistant for easy maintenance with a no polish option
- M-Force 1™ Enhanced Urethane finish provides the utmost in longevity and extends the life of the product
- Installs quickly using Mohawk's innovative M95.0 adhesive system that allows for unprecedented 95% RH moisture rating and a 10 year warranty against glue failure
- Approved for heavy rolling loads and radiant heat usage
- Matching weld rods available or cold weld for seaming
- Static load limit of 750 psi modified
- FloorScore Certified
- 10 year commercial warranty
- 10 year under bed warranty with use of M95.0 or MS160 spray adhesive
- Made in America

High Performance Construction

Serenity Collection Resilient Sheet products feature a 20 mil commercial wear layer and are coated with M-Force 1™ Enhanced Urethane, which is polish-optional for versatile, cost-effective maintenance. The commercial backing layer supports the product for dimensional stability.

- 
- M-Force 1™ Enhanced Urethane Finish
 - Stain & Wear Resistance

Clear Wear Layer

- Excellent wear in heavy commercial traffic

High Definition Print Layer

- Offers superior pattern and color clarity

Reinforcing Fiberglass Layer

- Provides dimensional stability

Commercial Backing Layer

Serenity Carpet

Serenity carpet tile infuses healthcare spaces with a sense of warmth and reassuring comfort. Fresh, organic patterns provide interest and a sense of tranquility, with soothing colors that complement Serenity resilient sheet and Mohawk's other hard surface flooring. Made with Duracolor fiber and EcoFlex NXT backing, Serenity carpet tile is a smart, sustainable choice for healthcare spaces.

Transformative

Well Being

Exotic Fauna

- Features Duracolor Premium Nylon carpet fiber in an all loop, dense construction for optimal roller mobility
- Inherent stain resistance and durability, which reduces the need for harsh

The organic, textural visuals of Serenity's carpet patterns are meant to convey a sense of relief and dimension, which creates a warmer, more comforting environment. Each pattern within the collection is designed to enhance the patient experience, thus evoking relaxation and calmness in potentially stressful environments.

chemical cleaners

- Tiles are impervious to moisture damage from spills and water extraction cleaning
- EcoFlex NXT backing is 40% lighter than traditional carpet tile = cost savings in shipping
- Red List Free EcoFlex NXT backing may contribute to or comply with LEED® credits
- Living Building Challenge: Red List Free

Specifications

Collection	Serenity Collection
Style Name / Number	Calmness (C2023) Ephemeral (C2022) Sensory (C2021) Therapeutic (C2020)
Brand	Mohawk Group Hard Surface
Product Type	Resilient Sheet
 DESIGN	
Overall Gauge	.080" (2.0mm)
Wear Layer	20 mil (0.5mm)
Finish	M-Force 1™ Enhanced Urethane
Colors Available	20
Roll Size (Min. - Max.)	50' min. - 85' max.
Width	6' and 12'
Pattern Repeat	Therapeutic (39.37 x 39.37): 575, 646, 737, 838, 959 (no drop) Sensory (39.37 x 39.37): 555, 721, 729 (1/2 drop) Ephemeral (39.37 x 39.37): 565, 738, 878, 969 (no drop) Calmness (39.37 x 39.37): 248, 979, 848, 949 (19.69" drop) Calmness (39.37 x 39.17): 121, 232, 858 (13.12" drop); 131 (1/2 drop)
Installation	Do not reverse sheet for installation
Recommended Adhesive	Mohawk M95.0 Adhesive or MS160 Spray Adhesive
Seaming Method	Mohawk Solid Color Weld Rods or Cold Weld

 PERFORMANCE

Construction	Commercial Grade Heterogeneous Resilient Sheet Non-ortho Phthalate Construction
Classification	ASTM F - 1303 Type 1, Grade 1, Class A
Flexibility	ASTM 137 - Passes
Wear Layer Thickness	ASTM 410 - Passes
Thickness	ASTM F386 - Passes, ± .005"
Static Load Limit	ASTM F970 - Passes, 750 psi Modified
Coefficient of Friction	ASTM C1028 - Passes, 0.53 Wet, 0.73 Dry
Rolling Load	ASTM F2753 - No Change
Residual Indentation	ASTM F1914 - Passes, Average less than 8%
Resistance to Chemicals	ASTM F925 - Passes, No Change
Resistance to Light	ASTM F1515 - Passes, ΔE ≤ 8
Resistance to Heat	ASTM F1514 - Passes, ΔE ≤ 8
Electrostatic Propensity	AATCC 134 - Less than 3.5 kV
Critical Radiant Flux	ASTM E648 - Meets, Class 1
Smoke Density	ASTM E662 - Meets, 450 or less
