NONDISCRIMINATION STATEMENT

Casper College adheres to federal nondiscrimination standards. For more information see the catalog or web site, or contact the human resources office at 307-268-2634

Thank you...

... for your interest in associate degree nursing education at Casper College. The program is nationally recognized and has graduates functioning as registered nurses nationwide.

The information in this booklet is designed to supplement the information in the current Casper College Catalog. [Casper College Catalog](#)

The Associate Degree in Nursing (ADN) is part of ReNEW statewide baccalaureate (BSN) curriculum and is comprised of selected general education courses along with required clinical and non-clinical nursing courses. Upon receipt of the ADN, the graduate can take the NCLEX-RN, become a registered nurse, and continue on toward the BSN if all prerequisites are met.

End of Program Student Learning Outcomes

Upon completion of the program, the graduate will be expected to:

1. Provide safe nursing care within the healthcare system.
2. Incorporate prior knowledge, current research, and clinical experience in decision-making.
3. Demonstrate leadership skills as part of an interprofessional team to promote desired outcomes.
4. Use effective communication and advocacy to provide individualized care.
5. Practice within the core values, principles, and standards of the nursing profession.
6. Utilize the nursing process and a broad knowledge base to maximize health.

ReNEW CNE 8/17

Program Outcomes

1. Achieve end-of program student learning outcomes.
2. Achieve 80% licensure exam pass rate.
3. Achieve 50% program completion rate.
4. Achieve 85% job placement rate six months after graduation.
5. Achieve 60% rate of ADN graduates pursuing BSN.

Admission Requirements

Casper College Requirements

1. Students may take classes at Casper College as unclassified students, but the faculty recommends that those interested in the nursing program apply as classified students. This allows the student to take full advantage of formal academic advising with a nursing faculty member.
2. To apply as a classified student, the applicant must:
 - a. Submit a completed Casper College application form to Admissions and Student Records Office, declaring a major in pre-nursing health science.
 - b. Arrange for high school and previous college transcripts or GED certification (if applicable) to be sent to Admissions and Student Records Office.
 - c. See the catalog for specific eligibility requirements.
3. When the above documents are received, Admissions and Student Records Office will send a notification letter to applicants. Instructions for registration will be included in the notification.
4. Once you have taken and provided the results of the appropriate placement tests for English and math, you will be assigned a nursing faculty academic advisor by the School of Health Science office assistant, who will contact you with that information through your Casper College e-mail account. You may also call the School of Health Science to ask who has been assigned as your advisor at (307) 268-2855.

School of Health Science Requirements

1. For admission and progression in a Casper College Health Science Program, a qualified individual is one who, with or without reasonable accommodation or modification, meets the essential eligibility requirements for participation in the program. The Health Science fields are practice disciplines with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, a list of “Core Performance Standards” has been developed. These standards are part of program courses, and some of the standards are more prevalent than others. These standards will be used to assist faculty, the Program Director, and the School of Health Science Dean in determining whether a student meets the essential eligibility requirements for admission and progression in the program. These standards should also be used to assist students in determining whether accommodations or modifications are necessary for the student to meet program requirements. Students who identify potential difficulties with meeting the “Core Performance Standards” must communicate their concerns to the Accommodative Services Counselor as well as the Program Director. Determination is made on an individual basis as to whether a student meets the essential eligibility requirements or whether or not the necessary accommodations or modifications can be reasonably made for participation in the Health Science program.
2. All admitted Health Sciences students are expected to participate in simulation activities and consent to video recording to optimize instruction and learning.
3. Readmission into a Casper College Health Science Program or transfer between Casper College Health Science programs is at the discretion of the faculty and dean. The faculty and dean will base readmission or transfer decisions on the adopted general Health Science “Core Performance Standards” and specific department criteria.

NOTE: Students transferring from the Associate Degree in Nursing to another degree may need to take additional courses to meet general education requirements.

5. Have completed Human Anatomy (ZOO 2040 and 2041 or 2015) or equivalent course with a “C” or better within the last five years. (If Human Physiology – (ZOO 2110 or 2025) or its equivalent has been taken, this too must be within 5 years previous to admission)
 6. Have a current CNA license or in the process obtaining a CNA license. This needs to be completed the first day of the semester. This can be from another state.
 7. Have a degree college grade point average of **2.5** or higher for admission.
 8. A Proficient score or higher on the ATI Test of Essential Skills (ATI/TEAS) is required as part of the application process. **Developmental and Basic scores are not eligible to apply.** (Please see ATI Information below).
 9. Students are admitted twice per year.
 10. Withdrawal from one or more courses may delay program admission and/or progression. Nursing advisor input is recommended.
 11. There are various requirements (vaccinations, etc.) first semester nursing students must meet. Specific information will be provided upon acceptance to the program.
 12. It is the policy of the H.E. Stuckenhoff Department of Nursing to minimize the risk of an allergic/anaphylactic reaction to latex, identify those at risk and provide a latex safe environment.
- Revised: 10/11 TNF, updated 1/24- DON

Renew Admission Process

1. Once meeting the requirements as stated above, the prenursing student may apply for the nursing program; you may be currently enrolled or have completed the prerequisite classes.
2. Applications are accepted twice a year for fall and spring admission. Thirty-two students are admitted each semester.
3. The application for admission is accepted for two weeks application period, with the deadline March 1st and October 1st, If the deadline falls on a weekend we will accept the applications the Monday immediately following the due date.
4. Once the application date is closed, the application processing may take up to a month to complete. The student will be notified by the Director of Nursing of either acceptance or on the alternate list.
5. The applicants will then be reviewed at the end of the semester with confirmation of all prerequisites completed and the final admission list will be confirmed.
6. The acceptance letter indicates the date the letter must be signed and returned to the director.
7. The alternate list will be finalized after the end of the semester with confirmation of prerequisites.
8. Students that are not successful in the 1st semester will be added to the alternate list with their previous admission-ranking sheet at the end of the semester.
9. The students on the alternate list may be admitted up to two weeks before the beginning of the semester.
10. The students who were previously in the 1st semester may be admitted up to two weeks after the beginning of the semester. Per the discretion of the DON and faculty.

Clinical Accessibility Policy

Casper College Health Science programs utilize a variety of health care agencies in the community for clinical experience for the students. If you have been employed in one or more of the agencies and are not eligible for rehire as an employee, the agency may not permit you to participate in the essential clinical component of the program.

Please contact the Human Resources department of the affected agency and request documentation from HR that states the agency’s position on your participation in the clinical component of the program. If you receive a negative response from the agency, you are **automatically ineligible to apply**. A response indicating you **will be permitted** to attend clinical in the agency will be given to the program director prior to the selection process for admission to the program. If you are unable to fulfill clinical

requirements due to a previous employment issue or another issue(s) and have not complied with the above, you could be denied entry in a Health Science program or be dismissed from program. Some programs do not have clinical assignments until the second, third, or fourth semester; students who are denied clinical accessibility at any time prior to or during a program will be dismissed.

Reviewed – G,S; 3/10 RC

Background Check / Drug & Alcohol Policies

Students enrolled in any of the health science programs will participate in clinical experiences in a variety of agencies. Prior to participating in the clinical experiences, students will be subject to that agency's requirements for a background check, drug testing and drug abuse prevention policies. Students are then subject to the drug testing policy of that agency and as specified through Casper College program handbooks.

Following graduation, several of the state and/or national licensing or certification (registry) boards, including the Wyoming State Board of Nursing, may refuse to allow a graduate to sit for the required exam or issue a license or certification to a person who has a prior felony conviction or proven history of drug or alcohol abuse. Applicants to whom this applies should consult the program director for further information.

9/19/13 TNF

Requirements.

Students must obtain the American Heart Association Healthcare Provider Basic Life Support CPR card upon entrance to the Nursing Program. The course (0.33 credit) is offered to admitted nursing students at the beginning of Semester 1 to meet this requirement. If a student restarts the program at any point, the card must be submitted showing duration through the remainder of the program. This may mean the student needs to renew the card at an earlier date than the expiration.

Students must show proof of a negative 2 step TB test (2 PPD test done 1-3 weeks apart) , T Spot, or a negative Quantiferon TB Gold blood draw report upon acceptance to the Nursing Program. This is to be submitted yearly or more often if required by the clinical facility. If a student restarts the program at any point, proof of a negative TB test must be submitted again.

- All immunizations must be completed or in process when starting the nursing program. The following is a list of immunizations required but subject to change due to clinical facility requirements: Hepatitis series, MMR, Varicella, flu vaccine. The Covid vaccine at the present time is preferred but not required for most facilities. Some facilities are requiring exceptions forms to be filled out. This is subject to change according to facility requirements and then students will be held to the Covid requirement.

All the requirements will be electronically scanned to MyClinicalExchange. All requirements must be kept in compliance for the duration of the program.

Updated DON 07/22

Content Delivery

Casper College nursing program is currently a flipped classroom for the majority of our content delivery. The flipped classroom is a model of teaching in which a student's homework is guided preparation outside of class (i.e.- online assignments, reading, etc.). Class time is spent on inquiry-based learning activities to facilitate application of content.

Written- 5/13-CC, updated 10/15 DON

Clinical Information

In the fourth semester of the nursing program, clinical time is preceptor-based and thus the clinical schedule requires flexibility. Based on agency placement, expenses maybe incurred.

Written – G, S 04/13 – CC

Confidentiality Policy

Students are expected to maintain client, family and peer confidentiality in every setting. Breach of confidentiality could result in dismissal from the program.

Reviewed – G, G; 3/08 – EC

Student Organization

Pre-nursing and nursing students are encouraged to participate in the total activities of the college, which includes the Student Nurses' Association as preparation for the professional role.

Revised – S,G; 3/10 – RC

Academic Progression Policy

To progress in the nursing program, the student must:

1. Take all nursing courses in sequence as listed on the Curriculum Plan. In the event of failure from a nursing course, the course will be taken in the subsequent semester, space permitting. Re-entry and reapplication policies apply.
2. Attain a "C" or better in NURS 1100, NURS 1200, NURS 2300, and NURS 2400.
3. Achieve a satisfactory clinical rating in all nursing courses.
4. Maintain core performance standards for nursing.
5. Maintain the college and departmental standards of student conduct.
6. Withdrawal from course(s) without advisor input may delay program admission and/or progression.
7. Progression standards for continuing toward the BSN through the ReNEW curriculum at the University of Wyoming:
 - a. Graduating from the ADN program and successfully passaging the NCLEX-RN

Revised – G,S – 10/14 CC,TNF, updated 10/16 DON

Grading Policy

The Casper College Nursing Program adheres to a higher standard than the campus at large. The letter grades are listed below with their equivalent percentages.

- A = 91-100%
- B = 83-90%
- C = 75-82%
- D = 70-74%
- F = 0-69%

Please note we **DO NOT** round up. We are based on a points system, so a student must earn a certain number of points to earn the desired grade per the course syllabus.

Written – G; 03/11 – DON

BSN COMPLETION PROGRAM OF STUDY: RENEW ADN ENTRY

FOR GRADUATES AND CURRENT STUDENTS OF WYOMING RENEW ADN PROGRAMS

UNIVERSITY STUDIES PROGRAM (USP): All UW students complete the University Studies Program: www.uwyo.edu/unst

☑ USP REQUIREMENTS are met via the ReNEW ADN, verification of approved US & WY Constitutions course, and NURS 4055.

☑ If you have not yet completed the ReNEW ADN Benchmark, individual USP requirements will be reflected in your degree evaluation. When you complete your ADN and the coursework below, all USP requirements will be satisfied.

RELATED COURSEWORK: This coursework adds depth and breadth to BSN education. Grades of C or better are required.

College Algebra – MATH 1400	3	Microbiology – MICR/MOLB 2021 or 2240	4
Statistics – STAT 2050 or 2070	4	Foundational Pathophysiology – PHCY 3450 (4450)	4
Nutrition – FCSC 1140 or 1141	2-3	Prerequisites: LIFE 1010, CHEM 1000/1020, Human Physiology	
Humanities Elective Course	3	Fundamentals of Pharmacology – PHCY 4470	4
General Biology – LIFE 1010	4		
Intro or General Chemistry – CHEM 1000 or 1020	4	Total Related Coursework Hours	32-33

NURSING COURSEWORK: 2-credit courses are delivered as 8-week, half-semester blocks. Fall and Spring semesters offer first-half and second-half blocks. Summer semester is a single block. Grades of C or better are required.

Entry Point: Students can enroll in this course while enrolled in a Wyoming ReNEW AND program.

NURS 3005 – ReNEW Distance Foundations	1
--	---

Simultaneous Nursing Courses: Open to ReNEW ADN graduates or currently progressing ReNEW ADN students.

Enrollment open PRIOR to NURS 3005 completion:

NURS 4660 – Healthcare Informatics	3
NURS 4055 – Application of Evidence in Nursing Practice	3

Satisfies USP COM3; *Prereqs:* STAT 2050/2070, COM1 & COM2

Enrollment open AFTER NURS 3005 completion:

NURS 4630 – Public/Community Health	2
NURS 4635 – Community as Client	2
NURS 4640 – Health Equity	2
NURS 4645 – Population Health	2
NURS 4830 – Leadership in Healthcare Today	2
NURS 4840 – Healthcare Systems and Policy	2

Post-ADN Benchmark Courses: Students can enroll after earning a ReNEW ADN and formalizing ReNEW BSN enrollment.

NURS 4835 – Leading Nursing Practice	2
NURS 4845 – Innovation in Nursing Practice	2
NURS 4855 – Contemporary Nursing	2

Total Nursing Coursework Hours **25**

MINIMUM HOURS REQUIRED FOR DEGREE **120**

Notes

- Formalizing ReNEW BSN enrollment includes verification of a ReNEW ADN earned, clearance of the College of Health Sciences background check, and student’s signature agreeing to program requirements.
- ALL TRANSFER CREDITS from outside ReNEW AND programs must be verified through the BSNC office (ReNEW@uwyo.edu).
- UW Upper Division (UD) requirement – First degree-seeking bachelor students must meet a minimum of 42 UD (3000/4000 level) credit hours earned from UW or transfer coursework. ReNEW AND graduates will meet the requirement through ReNEW institutional agreements to accept NURS 2400 toward the UD requirement, PHCY 3450 and 4450, and the Nursing Coursework here.
- Course requirements/expectations are subject to change. Maintain contact with your FWWSON advisor for current expectations.

UW FWWSON Website: www.uwyo.edu/nursing

Revised 1/24 DON

Examination for RN Licensure

Following successful completion of the ADN program, graduates may apply to the Wyoming State Board of Nursing and other states to take the NCLEX-RN, the national licensure examination. There are individual fees for licensure and the exam that will be discussed along with the application process in the last nursing course of the program. Prospective students need to be aware of the fact that licensure may be denied to those with a prior felony conviction or substance abuse history. In addition, applicants for licensure are required to be fingerprinted and undergo a background check. Consult the Director of the Nursing Program for specifics.

For additional information or answers to specific questions, contact:

Marge Christiansen, MSN, RN, CEN

Director of Nursing

(307) 268-2717 or 1-800-442-2963

Fax: (307) 268-2087

e-mail: marjory.christiansen@caspercollege.edu

Assessment Technologies Institute (ATI)

Test of Essential Academic Skills (TEAS)

The ATI TEAS test measures the likelihood of a candidate being successful in their first year of nursing school. The goal is two-fold in that we want our students to stay in the program and be successful in passing the licensure exam at the completion of the nursing program.

On the ATI TEAS, the following areas are tested. You will have 209 minutes to complete the exam. Additional information can be found at <http://atitesting.com/teas-exam.aspx#toggle-id-1> including study material. (Use Firefox as your browser when accessing ATI Testing).

ATI TEAS Content Areas	VERSION 6		VERSION 7	
	# Questions	# Minutes	# Questions	# Minutes
Reading: Key ideas and details; craft and structure; integration of knowledge and ideas	53	64	45	55
Mathematics: Numbers and algebra; measurement and date	36	54	38	57
Science: Human anatomy and physiology, life and physical sciences; scientific reasoning	53	63	50	60
English & Language Usage: Conventions of standard English; knowledge of language, vocabulary acquisition	28	28	37	37
TOTAL	170	209	170	209

Only students achieving a Proficient level or above will be eligible to apply to the nursing program. Students earn points on the 'Admission Ranking Worksheet' based on their actual Individual Adjusted Score, which can be found in the upper right hand corner of the TEAS results. Basic and developmental scores are ineligible for application to the program.

ACADEMIC PREPAREDNESS LEVELS

Level	Academic Preparedness Level Definition	Score Range Version 6	Score Range Version 7
Exemplary	Exemplary scores generally indicate a very high level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level are not likely to require additional preparation for the objectives assessed on ATI TEAS.	90.7% to 100%	92.0% to 100.0%
Advanced	Advanced scores generally indicate a high level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level are not likely to require additional preparation for the objectives assessed on ATI TEAS.	78.0% to 90%	80.0% to 91.3%
Proficient	Proficient scores generally indicate a moderate level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level can require additional preparation for some objectives assessed on ATI TEAS.	58.7% to 77.3%	58.7% to 79.3%
Basic	Basic scores generally indicate a low level of overall academic preparedness necessary to support learning of health sciences-related content. Students at this level are likely to require additional preparation for many objectives assessed on ATI TEAS.	41.3% to 58.0%	40.7% to 58.0%
Developmental	Developmental scores generally indicate a very low level of overall academic preparedness necessary to support learning of health	0.0% to	0.0% to

Level	Academic Preparedness Level Definition	Score Range Version 6	Score Range Version 7
	sciences-related content. Students at this level will require additional preparation for most objectives assessed on ATI TEAS	40.7%	40.0%

Resources to Study for the TEAS

Please note the Testing Center does not have study resources or content outlines.

- The TEAS assessment gauges students' reading, mathematics, science and English skills. To prepare for the TEAS assessment you may purchase resources from the ATI website by going to: [ATI Testing](#). Including practice tests. If you have any questions, you may call Assessment Technologies Institute®, LLC at 1-800-667-7531.
- Other resources to prepare for the TEAS are available from the Casper College Library.
 - Casper College Nursing Student Test Preparation: TEAS Internet Sites and Learning Express Library: [TEAS Testing guides](#)
 - If you need assistance, please contact Sarah Mailloux at 307-268-2257 or sarah.mailloux@caspercollege.edu
- Other resources to prepare for the TEAS
 - This is a set of ATI TEAS 7 Youtube videos. It has over 5 hours of free tutorials. TEAS Review Video Tutorials by Mometrix [Mometrix Test Preparation - YouTube](#)

To make an appointment to take the TEAS test:

1. Appointments for the web-based test can be scheduled with the Testing Center (TC) at Casper College: [Casper College Testing Center](#)
2. The ATI TEAS exam can also be proctored online please use the following link for the online option: [ATI TEAS Exam | TEAS Prep | TEAS Registration | ATI \(atitesting.com\)](#) Cost is \$120
3. The cost of the ATI TEAS exam is \$70.00 at the Casper College Testing Center, which is paid online with a credit/debit card on the day of the test. If you are using other testing centers, the cost can range from \$75 to \$150.
4. No test will be administered without payment first.
5. A copy of the 'Policies and Procedures' for the Casper College Testing Center have been attached for your convenience and are also available on the TC website.
6. If you are not able to come to Casper College to take the test, it is your responsibility to contact a testing center in your community and arrange to have the test proctored or get proctored online.
 - A. The testing center you are using will need to contact the Director of Nursing at 307-268-2717 or marjory.christiansen@caspercollege.edu to obtain the testing login and password.
 - B. Please be certain your results will be sent to the Casper College Nursing Program. If your ATI TEAS results need to be sent to Casper College directly from ATI, the cost of this service is \$27.00
7. ATI TEAS may be taken twice during a semester. The candidate must wait at least 48 hours between attempts. The highest score will be accepted. The score is good for 2 years (includes Versions 6 & 7)

Please include a copy of your test results with your completed application for admission.

Casper College Testing Center (TC)

Policies and Procedures

Located in the Thorson Institute of Business - BU120

- Students are encouraged to schedule testing appointments in advance in order to guarantee a seat. Walk in appointments are welcome.
- Students will need to present a valid photo ID before testing. Student ID, driver's license, military ID, and passports are valid IDs.
- The Testing Center will be closed on all school holidays and as posted. If the Testing Center must close at other times, faculty and staff will be notified.
- Any unforeseen closures will be communicated by email to faculty and staff. Hours and closures are available on the webpage. Any unexpected campus closures will be posted on the Casper College homepage.
- Please reschedule if you are unable to keep a testing appointment.
- Cellular phones must be turned off while in the Testing Center and, together with all other personal items, including watches and electronics, must be placed in one of the secure lockers provided.
- Pockets will be empty during testing.
- No coats, scarves, or hats are allowed in the testing room.
- All scratch paper and writing utensils will be supplied by the Testing Center.
- No food or drinks, will be allowed in the testing room.
- No children are allowed in the Testing Center.
- The individual testing room is reserved for candidates with documented accommodations. Please contact the Casper College Disability Services Counselor, Jennifer McLeod (x2557), well in advance of testing to arrange for necessary documentation.

Admission Checklist

Are you ready to apply to the Casper College Nursing Program?

Complete this checklist to find out

- I have applied to Casper College as a pre-nursing/health science major.
- I have a current CNA license or are in the process of obtaining a license.
- I am currently enrolled in, or have completed with a “C” or higher the following courses: (if currently enrolled, application ranking is based on submission of midterm grades, with admission to the program dependent on final grade entered for admission ranking worksheet score)
 - ENGL 1010 : English Composition I
 - MATH 1400 : Pre-Calculus Algebra
 - HMDV 1300: On Course (NO EXCEPTION)
 - HLTK 1300 : Nursing Boot Camp (NO EXCEPTION)
- I am currently enrolled in, or have completed Human Anatomy (ZOO 2040 and 2041 or 2015) or equivalent course with a “C” or better within the last five years. (If Human Physiology (ZOO 2110 or 2025) or its equivalent has been taken, this too, must be within the previous 5 years)
- I have a degree college GPA of 2.5 or greater, and included unofficial copies of all of my college transcripts.
I have a proficient score or higher on the ATI Test of Essential Skills (TEAS[®]) within the 2 year and provided a copy of the results with my application. Developmental and Basic scores are not eligible to apply.

If you checked off ALL these criteria—you can apply during the next application cycle. Please see the Casper College Nursing Department homepage for the next deadline.

Estimated Expenses

ASSOCIATE DEGREE NURSING EDUCATION AT CASPER COLLEGE

ESTIMATED EXPENSES

Prospective students should refer to the current Casper College catalog for tuition and fee rates. Please note ATI fees are **non-refundable**. In addition to tuition and fees and required laboratory supplies, the following expenses are estimated for the **first semester** of the nursing program:

◆	Background check	\$ 130+
◆	Drug Screen	\$ 40
◆	Books and online support programs (used through program)	\$ 1800
◆	Supplies	\$ 50
◆	Uniforms and lab coat	\$ 200
◆	Lab kit / Lab and ATI fees	\$ 1000
◆	Watch with digital or sweep second hand	\$ 30
◆	Stethoscope	\$ 20
◆	Eye protection	\$ 12
◆	Bandage scissors	\$ 7
◆	Penlight	\$ 5
◆	Sharpie®	\$ 2
◆	Varicella titer	\$ per individual lab
◆	Varicella vaccine x2 (available at Public Health Dept.)	\$ 100 each
◆	Hepatitis Titer	\$ per individual lab
◆	Hepatitis immunization series	\$ 90
◆	MMR Titer	\$ per individual lab
◆	MMR Vaccine	\$ 50
◆	Health insurance	Varies with carrier

Casper College provides at no expense to students, liability (malpractice) insurance while nursing students are engaged in their clinical laboratory activities. As is stated in the catalog, students are responsible for their own transportation and its related expense.

Estimated expenses for the second semester include:

◆	Books and supplies	\$ 200
◆	Lab kit// Lab and ATI fees	\$ 1000

Finally, third and fourth semesters estimated expenses include:

◆	Books and supplies	\$ 50
◆	Lab and ATI fees	\$ 300
◆	Health insurance	Varies with carrier
◆	Background check update if needed	\$ 40
◆	Cap and gown fee	\$ 30
◆	Application for nursing license fee + background check	\$ 200
◆	NCLEX-RN exam	\$ 200
◆	Pinning ceremony-depends on class decisions	?????

If you are applying for financial assistance you may be eligible for an increase to your expense budget based on the above estimated expenses. Please contact the Office of Student Financial Assistance for instructions on how to request an expense review.
