RE: Bid Submission for Casper College Crack Seal Project

Proposal #CC614-26

To the Selection Committee,

Boomtown Asphalt is pleased to submit this bid for the Casper College Crack Seal Project. As a small local business with over 18 years in business, we understand the unique climate challenges of the Casper area and the importance of maintaining critical infrastructure to ensure the safety and accessibility of your campus for students, faculty, and visitors.

Our team specializes in high-quality asphalt maintenance and preservation. We recognize that effective crack sealing is the most cost-effective way to prevent water infiltration and extend the lifespan of your pavement. For this project, we are committed to providing:

- **Premium Materials:** We utilize high-grade, rubberized hot-pour sealants designed to withstand Wyoming's extreme temperature fluctuations and heavy freeze-thaw cycles.
- **Meticulous Preparation:** Our process includes thorough heat-lancing and debris removal to ensure maximum adhesion and long-term durability of the seal.
- **Minimal Disruption:** We understand that Casper College is a high-traffic environment. We are prepared to coordinate a flexible work schedule to minimize impact on campus operations and parking availability.
- **Safety Compliance:** Our crew adheres to strict safety protocols to protect the public and maintain a clean, organized job site throughout the duration of the project.

Enclosed you will find our Completed Bid Form, Certificate of Liability Insurance, Product Data Sheet and References from similar commercial projects. We are confident that our technical expertise and commitment to quality make Boomtown Asphalt the ideal partner for Casper College.

Thank you for your time and for the opportunity to bid on this essential maintenance project. We look forward to the possibility of collaborating with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric Faigle". The signature is written in a cursive style with a horizontal line above the first few letters.

MAXWELL PRODUCTS

NUVO SPEC PL2

DATA SHEET

MAXWELL PRODUCTS, INC.
SALT LAKE CITY, UT
800.266.2090

NUVO Spec PL2 is a hot-applied, asphalt-based, polymer-modified pavement crack sealant suitable to fill cracks in both asphalt and concrete pavements. It is optimized for moderate to very hot climates, is self leveling, quick setting, firm, and highly durable, yet remains flexible at low temperatures. This product is designed for use in areas with pedestrian and vehicle traffic such as parking lots and also excels on highways, streets, and airfields. Nuvo Spec PL2 is compatible with both direct fired and hot oil circulating kettles of all makes and is available in ZipBox easy-open cardboard or PolySkin melttable packaging.

SPECIFICATION

TEST METHOD:

APPLICATION INSTRUCTIONS

Read and follow application instructions before use. This product may be heated using a direct fired kettle or indirect heating methods, either a double boiler or hot oil circulating kettle. Equipment must have means of maintaining constant agitation to the material.

Maximum safe heating temperature: 400°F (204°C).

Recommended application temperature: 380°F (193°C).

WARRANTY

Maxwell Products, Inc. warrants that our products will be free from defects in material or workmanship and will conform to our published specifications at the time of shipment. Due to the many differing procedures used in preparing and installing materials, and differing surfaces on which our products may be applied, Maxwell Products assumes no liability for the failure of our products due to improper surface preparation, surface composition, installation, equipment failure or operator errors. In the event our products fail to conform to our published specifications at the time of shipment, we will, at our expense and sole option, replace our defective product or give you a full or partial refund of the purchase price from Maxwell Products. Claims must be made within three (3) months of the date of purchase. MAXWELL PRODUCTS HEREBY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY AND ANY IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

NOTICE OF EXTRA-TERRITORIAL COVERAGE CERTIFICATE OF INSURANCE

EMPLOYER: Asphalt Preservation LLC
INSURER: Wcf Mutual Insurance Company
POLICY NO.: 3490503
EXTRA-TERRITORIAL CERTIFICATE EFFECTIVE: 03/23/2016 to 09/23/2026

This is to certify that the above named employer has been verified to have an active Utah workers' compensation policy and under Utah law is providing extra-territorial coverage for their Utah employees working in your state on temporary work projects. This extension of coverage shall remain in effect for a period not to exceed six months without further arrangements subject to the carrier's agreement to extend coverage.

The employer understands that the insurance carrier must be notified of all work performed outside Utah.

It is understood that should the employer hire other than Utah resident employees, they must be insured under the laws of your state.

Would you please indicate your approval of extra territorial coverage for this employer's Utah employees working in your state by furnishing a copy of your confirmation to the employer and the insurance carrier, whose names and addresses appear below.

MAXWELL PRODUCTS

ELASTOFLEX 61

DATA SHEET

MAXWELL PRODUCTS, INC.
SALT LAKE CITY, UT
800.266.2090

Elastoflex 61 is a hot applied, polymer modified crack and joint sealant for use with asphalt and concrete pavements. This product applies and sets up best in up to moderate temperatures, and is highly durable in very cold to hot climates. Elastoflex 61 is self leveling, quick melting and extremely flexible. Formulated with a low viscosity for maximum crack penetration, it is ideal for highways, county roads, municipal streets, airports and concrete joints. Elastoflex 61 delivers high performance at a moderate cost.

SPECIFICATION

MEETS REQUIREMENTS OF: ASTM D6690 TYPE 1 (SUPERSEDES ASTM D1190) - AASHTO M324 TYPE 1 (SUPERSEDES AASHTO M173) - ASTM D6690 TYPE 2 (SUPERSEDES ASTM D3405) - AASHTO M324 TYPE 2 (SUPERSEDES AASHTO M301) - ASTM D6690 TYPE 3

APPLICATION INSTRUCTIONS

Read and follow application instructions before use. This product must be heated using indirect heating methods, either a double boiler or hot oil circulating kettle. Equipment must have means of maintaining constant agitation to the material.

Maximum safe heating temperature: 400°F (204°C).

Recommended application temperature: 380°F (193°C).

WARRANTY

Maxwell Products, Inc. warrants that our products will be free from defects in material or workmanship and will conform to our published specifications at the time of shipment. Due to the many differing procedures used in preparing and installing materials, and differing surfaces on which our products may be applied, Maxwell Products assumes no liability for the failure of our products due to improper surface preparation, surface composition, installation, equipment failure or operator errors. In the event our products fail to conform to our published specifications at the time of shipment, we will, at our expense and sole option, replace our defective product or give you a full or partial refund of the purchase price from Maxwell Products.

Claims must be made within three (3) months of the date of purchase. MAXWELL PRODUCTS HEREBY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY AND ANY IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

SECTION 6: BID FORM

<i>Casper College - Bid Form</i>				
CAMPUS CRACK SEALING #CC614-26				
Qty	UOM	Description	Price Per LF	Price At 8,800 LF
1	LT	Labor and Materials – CAMPUS CRACK SEALING (1,800 lbs.)	\$ 2.50	\$ 22,000.-
			GRAND TOTAL=	\$ 22,000.-
Received Addendum # 1 _____ Addendum # 2 _____ Addendum # 3 _____ (initial only if addendums were issued)				
Bidder Information:		Comments:		
Bidder Name: Wharton Asphalt LLC		Mailing Address: 3962 Pa Hollow Tr Billings MA 59106		
City:		State:	Zip:	
Phone Number: 406 660.2280		Fax: N/A		
Bidders Name (print): Lera Wharton		Title: Member		
Signature: 		Email Address: whartonasphalt@netzero.net		
* Signing this form indicates you agree with all the conditions shown in this RFP, addendums (if any) and attachments.				

- g. If applicable, please submit a schedule of values with each payment application in your proposal package. The schedule of values must be agreed upon by both the bidder and Casper College. Payments will be based on the bidder's successful completion of deliverables within the stated deadlines and upon the Agency's written acceptance of those deliverables or services. Casper College prefers the **AIA G702** format.
- h. Expenses incurred in proposal preparation, pre-bid meetings, site visits, submission, presentations, and demonstrations are the responsibility of the bidder and will not be reimbursed by Casper College.

3. Pre-Proposal Meeting and Job Walk

- a. A **non-mandatory** pre-proposal meeting will be held on APRIL 7, 2026, at 2:00 P.M. Mountain Time in at the Gateway Building room 312. After the meeting concludes, a job walk will begin for potential bidders to view the work site.
- b. While attendance is not mandatory, it is strongly recommended that bidders visit the job site(s) before submitting their bids.
- c. Casper College stakeholders will be present at the pre-proposal meeting to answer questions regarding interpretation or clarification of this proposal. If any interpretations or clarifications are deemed essential/material, an addendum will be issued on all websites where the RFP is posted.
- d. All bid documents will be available free of charge at:
 - i. www.caspercollege.edu/offices-services/purchasing
 - ii. www.rockymountainbidsystem.com

4. Submission, Modifications, Withdrawals, and Late Bids

- a. Sealed proposals must be accompanied by the attached Casper College Bid Form and signed by the proper official of the firm. All sealed proposals must be in the possession of the Casper College Procurement Department by the due date and time. **Any proposal that is not sealed or received after the due date and time will be rejected.**
- b. The Total Lump Sum Price on the Bid Form must include all costs necessary to complete the outlined work, including, but not limited to, labor, materials, operations, inspections, permits, bonds, insurance, profit, accessories, incidentals, rentals, hotels, per diem, tax, shipping, and removal/disposal of existing materials.
- c. Sealed proposals must be mailed or hand-delivered to:
Attention: Procurement Department GW #311
Casper College
125 College Drive
Casper, WY 82601
- d. Clearly mark the outside of your sealed proposal with: "**Campus Crack Sealing #CC614-26**"
- e. A proposal in possession of the Procurement Office may be modified or withdrawn by email, fax, or letter bearing the signature of the authorized bidder, provided it is received before the proposal opening deadline.
