NONDISCRIMINATION STATEMENT

Casper College adheres to federal nondiscrimination standards. For more information see the catalog or web site, or contact the human resources office at 307-268-2634

Thank you...

... for your interest in associate degree nursing education at Casper College. Our program is nationally recognized and has graduates functioning as registered nurses nationwide.

The information in this booklet is designed to supplement the information in the current [Casper College Catalog](#).

The Associate Degree in Nursing (ADN) is part of ReNEW, a statewide baccalaureate (BSN) curriculum and is comprised of selected general education courses along with required clinical and non-clinical nursing courses. Upon receipt of the ADN, the graduate can take the NCLEX-RN, become a registered nurse, and continue on toward the BSN if all prerequisites are met.

End of Program Student Learning Outcomes

Upon completion of the program, the graduate will be expected to:

1. Provide safe nursing care within the healthcare system.
2. Incorporate prior knowledge, current research, and clinical experience in decision-making.
3. Demonstrate leadership skills as part of an interprofessional team to promote desired outcomes.
4. Use effective communication and advocacy to provide individualized care.
5. Practice within the core values, principles, and standards of the nursing profession.
6. Utilize the nursing process and a broad knowledge base to maximize health.

ReNEW CNE 8/17

Program Outcomes

1. Achieve end-of program student learning outcomes.
2. Achieve 80% licensure exam pass rate.
3. Achieve 50% program completion rate.
4. Achieve 85% job placement rate six months after graduation.
5. Achieve 60% rate of ADN graduates pursuing BSN.

Admission Requirements

Casper College Requirements

1. Students may take classes at Casper College as non-degree seeking students, but the faculty recommend that those interested in the nursing program apply as degree seeking students. This allows the student to take full advantage of formal academic advising with a nursing faculty member.
2. To apply as a degree seeking student, the applicant must:
 - a. Submit a completed Casper College [application](#) form to Admissions and Student Records Office, declaring a major in pre-nursing health science.
 - b. Arrange for high school and previous college transcripts or GED certification (if applicable) to be sent to Admissions and Student Records Office.
 - c. See the catalog for specific eligibility requirements.
3. When the above documents are received, Admissions and Student Records Office will send a notification letter to applicants. Instructions for registration will be included in the notification.
4. Once you have taken and provided the results of the appropriate placement tests for English and Math, you will be assigned a nursing faculty academic advisor by the School of Health Science office assistant, who will contact you with that information through your Casper College e-mail account. You may also call the School of Health Science to ask who has been assigned as your advisor at (307) 268-2855.

School of Health Science Requirements

1. For admission and progression in a Casper College Health Science Program, a qualified individual is one who, with or without reasonable accommodation or modification, meets the essential eligibility requirements for participation in the program. The Health Science fields are practice disciplines with cognitive, sensory, affective, and psychomotor performance requirements. Based on these requirements, a list of "[Core Performance Standards](#)" were developed. These standards are part of program courses, and some of the standards are more prevalent than others. These standards will be used to assist faculty, the Program Director, and the School of Health Science Dean in determining whether a student meets the essential eligibility requirements for admission and progression in the program. These standards should also be used to assist students in determining whether accommodations or modifications are necessary for the student to meet program requirements. Students who identify potential difficulties with meeting the "Core Performance Standards" must communicate their concerns to the Accommodative Services Counselor as well as the Program Director. Determination is made on an individual basis as to whether a student meets the essential eligibility requirements or whether or not the necessary accommodations or modifications can be reasonably made for participation in the Health Science program.
2. All admitted Health Sciences students are expected to participate in simulation activities and consent to video recording to optimize instruction and learning.
3. Readmission into a Casper College Health Science Program or transfer between Casper College Health Science programs is at the discretion of the faculty and dean. The faculty and dean will base readmission or transfer decisions on the adopted general Health Science "Core Performance Standards" and specific department criteria.
NOTE: Students transferring from the Associate Degree in Nursing to another degree may need to take additional courses to meet general education requirements.

Digital Learning Academic Integrity Statement

Casper College emphasizes intellectual honesty in all courses. Only admitted and registered Casper College Students who have been assigned logins and passwords are allowed access to online and hybrid courses. These secure logins verify the identity of the student. Proven plagiarism or any form of academic dishonesty associated with the academic process may result in course failure, dismissal from a program, or expulsion from Casper College, or other consequences. See the Casper College Student Code of Conduct for more information on this topic.

05.15.26 Nursing Program Director

Associate Degree Nursing Program Requirements

1. Have graduated from high school or have earned a GED;
2. Submit a completed application form with all college transcripts to the Admissions and Student Records Office and complete the [online application on the nursing web page](#).
3. Have taken the appropriate placements tests and completed courses recommended by this test with a "C" or better. If students have successfully completed college-level math and or English courses, they will not be required to re-take them.
4. Have completed with a "C" or better, or are currently enrolled in the following courses:
(If currently enrolled, application ranking points will be equal to the credit hours of the course. See Admission Ranking Worksheet (page 18). If an applicant's points fall within the highest admission scores, a tentative admission will be granted, pending submission of a passing grade ('C' or better) in the required course.)
ENGL 1010: English Composition I
MATH 1400: College Algebra
HLTK 1200: Medical Terminology
ZOO 2040 and 2041 or 2015: Human Anatomy or equivalent course
5. Have a degree college grade point average of 2.8 or higher for admission.
6. A 'Proficient' score or higher on the ATI Test of Essential Skills (ATI/TEAS) is required as part of the application process. Developmental and Basic scores are not eligible to apply. (Please see ATI Information below). TEAS can be taken twice in an application period and are good for two years.
7. Students are admitted twice per year- Fall and Spring Semester. NURS 1100 H2 or Hybrid course only admits one per year in the fall semester.
8. Withdrawal from one or more courses may delay program admission and/or progression. Nursing advisor input is recommended.
9. There are various requirements (I.E., back ground check, vaccinations, etc.) NURS 1100 nursing students must meet. More specific information will be provided upon acceptance to the program.
10. It is the policy of the H.E. Stuckenhoff Department of Nursing to minimize the risk of an allergic/anaphylactic reaction to latex, identify those at risk and provide a latex safe environment.

Updated 1/14, 4/14. 10/15, 7/16, 2/17. 07/25- Nursing Program Director

Renew Admission Process

1. Once meeting the above requirements, the student may apply for the nursing program; The student may be currently enrolled or have completed the prerequisite classes with a 'C' or better letter grade.
2. Applications are accepted twice a year for fall and spring admission. Thirty-two students are admitted each semester into the in person or NURS 1100 (or 2300) H1 course, eight students are admitted into the hybrid, NURS 1100 (or 2300) H2 course, in the fall semester.
3. Once the application cutoff date has passed, the application processing may take up to 7 to 10 days to complete. The student will be notified by the Program Director of either acceptance or being placed on the alternate list.
4. Applications are accepted year-round, however cut off dates for the Fall semester will be the end of the second week in June; and for the Spring semester will be the end of the second

week of November. The application for admission is posted on the Casper College Nursing Program website: <https://www.caspercollege.edu/program/nursing/>.

5. Applicants still enrolled in prerequisite courses will be reviewed at the end of the semester to confirm that all prerequisites were successfully completed, with a 'C' or better, and a final admission list will be generated.
6. The acceptance letter will indicate a date the letter must be signed and completed in the Etrieve system.
7. The alternate list will be finalized at the end of the semester once all prerequisite course completions have been confirmed.
8. Students on the alternate list may be admitted into the program up to two weeks after the semester begins.
9. Students that are not successful in NURS 1100 will be added to the alternate list with their previous admission-ranking sheet at the end of the semester.
10. The students who were previously in NURS 1100 may be admitted up to two weeks after the beginning of the semester. Per the discretion of the Program Director and faculty.

Clinical Accessibility Policy

Casper College Health Science programs utilize a variety of health care agencies in the community for clinical experience for the students. If you have been employed in one or more of the agencies and are not eligible for rehire as an employee, the agency may not permit you to participate in the essential clinical component of the program.

Please contact the Human Resources department of the affected agency and request documentation from HR that states the agency's position on your participation in the clinical component of the program. If you receive a negative response from the agency, you may automatically be ineligible to apply. A response indicating the applicant will or will not be permitted to attend clinical in the agency will be given to the Program Director prior to admission to the program. If you are unable to fulfill clinical requirements due to a previous employment issue or other issue(s) and have not complied with the above, you may be denied entry in a Health Science program or be dismissed from the program. Some programs do not have clinical assignment until NURS 1200, NURS 2300 or NURS 2400; student who are denied clinical accessibility at any time prior to or during a program may be dismissed.

Reviewed – G,S; 3/10 RC

Background Check / Drug & Alcohol Policies

Students enrolled in any of the health science programs will participate in clinical experiences in a variety of agencies. Prior to participating in the clinical experiences, students will be subject to that agency's requirements for a background check, drug testing and drug abuse prevention policies. Students are then subject to the drug testing policy of that agency and as specified through Casper College program handbooks.

Following graduation, several of the state and/or national licensing or certification (registry) boards, including the Wyoming State Board of Nursing, may refuse to allow a graduate to sit for the required exam or issue a license or certification to a person who has a prior felony conviction or proven history of drug or alcohol abuse. Applicants to whom this applies should consult the Program Director for further information.

9/19/13 TNF

Requirements

Students must obtain the American Heart Association Healthcare Provider Basic Life Support CPR card upon entrance to the Nursing Program. BLS courses are offered to admitted nursing students to meet this requirement. Please notify the Office Assistant (307-268-2855) to schedule. If a student restarts the program at any point, a current BLS card must be provide.

Students must provide proof of a negative tuberculosis (TB) test—skin test, QuantiFERON-TB Gold, T-SPOT.TB or X-ray—upon acceptance and as often as required by clinical partners. Students re-entering the program must also resubmit proof of a negative test. As some facilities no longer accept chest X-rays, a blood test may be required to meet specific site requirements.

All immunizations must be completed or in process when starting the nursing program. The following is a current list of required immunizations, but this list may not be exclusive and is subject to change due to clinical facility requirements: Hepatitis series, MMR, Varicella, flu vaccine, etc.

All the requirements will be electronically scanned to MyClinicalExchange (MyCE). All requirements must be kept in compliance for duration of program.

Updated 07/25 Nursing Program Director

Content Delivery

The Casper College Nursing Program utilizes two instructional delivery models. The first is a hybrid, flipped classroom approach, in which students complete guided preparation outside of class (i.e., online assignments, readings, and other activities), and scheduled class time is dedicated to inquiry-based learning that supports the application of content.

The second option is an asynchronous online hybrid model, in which course content is delivered primarily online through structured activities. This model allows students to engage with course materials independently while maintaining regular expectations for participation and progression.

Written- 5/13-CC, updated 04.22 Nursing Program Director

Clinical Information

Clinical experiences in NURS 1100, NURS 1200, and NURS 2300 are primarily instructor-led. In NURS 2400, clinical experiences are preceptor-based and require a flexible schedule. Depending on agency placement, additional expenses may be incurred.

Written – G, S 04/13 – CC: updated 04.22 Nursing Program Director

Confidentiality Policy

Students are expected to maintain client, family and peer confidentiality in every setting, at all times during the duration of the program. Breach of confidentiality could result in dismissal from the program.

Reviewed – G, G; 3/08 – EC

Student Organization

Pre-nursing and nursing students are encouraged to get involved in college activities, including the Student Nurses' Association, to help prepare for their future professional roles.

Revised – S,G; 3/10 – RC: updated 04.22 Nursing Program Director

Academic Progression Policy

To progress in the nursing program, the student is expected:

1. Take all nursing courses in sequence as listed on the curriculum plan. In the event of failure of a core nursing course, that course will be taken in the subsequent semester, space permitting. Re-entry and reapplication policies apply.
2. Attain a "C" or better in NURS 1100, NURS 1200, NURS 2300, and NURS 2400.
3. Achieve a "MET" clinical rating in all core nursing courses.
4. Maintain core performance standards for nursing.
5. Maintain the college and departmental standards of student conduct.
6. Withdrawal from course(s) without advisor input may delay program admission and/or progression.
7. Progression standards for continuing toward the BSN through the ReNEW curriculum at the University of Wyoming:
 - a. Graduating from the ADN program and successfully passing the NCLEX-RN

Revised – G,S – 10/14 CC,TNF, updated 10/16 Nursing Program Director

Grading Policy

The Casper College Nursing Program adheres to a higher standard than the campus at large. The letter grades are listed below with their equivalent percentages.

- A = 91-100%
- B = 83-90%
- C = 75-82%
- D = 70-74%
- F = 0-69%

Please note that grades are not rounded. The program uses a points-based grading system, and students must earn the required number of points to achieve a specific grade, as outlined in the course syllabus.

Written – G; 03/11: updated 04.22 Nursing Program Director

About the ReNEW Curriculum

The H.E Stuckenhoff Department of Nursing at Casper College has joined with the other community college nursing programs and the Fay W. Whitney School of Nursing at the University of Wyoming (UW) to develop a common nursing curriculum for the state of Wyoming. The "*Revolutionizing Nursing Education in Wyoming*" (ReNEW) curriculum is a baccalaureate nursing curriculum with an associate degree in nursing benchmark. Under the ReNEW curriculum, persons who enter a nursing program at a community college in Wyoming will be able to complete their associate degree in nursing (ADN), sit for the national licensure exam (NCLEX-RN) and begin working as a registered nurse as they complete the ReNEW BSN. All ReNEW completion coursework from UW is delivered at distance. The majority of ReNEW completion coursework is available concurrently with the ADN benchmark. All UW coursework can be completed after earning the ReNEW ADN benchmark.

UNIVERSITY STUDIES PROGRAM (USP): All UW students complete the University Studies Program: www.uwyo.edu/unst

USP REQUIREMENTS

RELATED COURSEWORK:

These courses may be taken in conjunction with nursing courses pursuant to pre-requisite requirements. Grades of C or better are required:

MATH 1000 or 1400 – Math	3
MATH 1400 may be required for other related coursework	
STAT 2050 or 2070 – Statistics	4
FCSC 1140 or 1141 – Nutrition	2-3
Humanities Elective Course	3
LIFE 1010 – General Biology	4
CHEM 1000 or 1020 – Intro or General Chemistry	4
Must have a grade of B or better if taking CHEM 1000	
MICR/MOLB 2021 or 2240 – Microbiology	4
NURS 4650 – Pathopharmacology for Nurses	4
Prereq's LIFE 1010, CHEM 1000/1020, Human Anatomy & Human Physiology	
Approved upper division elective coursework	2-3

Total Related Coursework Hours: 30-32

NURSING COURSEWORK: 2-credit courses are delivered as 8-week, half-semester blocks. Fall and Spring semesters offer first-half and second-half blocks. Summer semester is a single block. Grades of C or better are required.

Entry Point: Students can enroll in this course while enrolled in a Wyoming ReNEW ADN program.

Tier 1

NURS 3006 – BNS Completion Foundations	2
--	---

Tier 2

Prereq's Completion of Tier 1

NURS 4055 – Application of Evidence in Nursing Practice Satisfies USP COM3; Prereq's STAT 2050/2070, COM1 & COM2	3
NURS 4630 – Public/Community Health	2
NURS 4830 – Leadership in Healthcare Today	2

Tier 3

Prereq's: Completion of Tier 2

NURS 4655 – Healthcare informatics	3
NURS 4635 – Community as Client	2
NURS 4640 – Health Equity	2
NURS 4645 – Population Health	2
NURS 4675 – Healthcare Policy	2
NURS 4840 – Healthcare Systems	2

Tier 4

Prereq's: Completion of Tier 3, RENEW AND degree & All Related Coursework

*Registration for these courses is granted only after

Completion of all Tier 1, 2, and 3 courses, ReNEW ADN Degree, all related coursework, and formalizing enrollment.	
NURS 4835 – Leading Nursing Practice	2
NURS 4845 – Innovation in Nursing Practice	2

EXIT POINT: This is the last class that a student will take in their degree program which can be taken concurrently with NURS 4835 & 4845

NURS 4855 – Contemporary Nursing Practice	2
---	---

Total Nursing Coursework Hours: 28

MINIMUM HOURS REQUIRED FOR DEGREE 120

ADDITIONAL INFORMATION:

- Thinking about applying to this program? Please email renew@uwyo.edu to speak with our Academic Advisor for more information.
- USP REQUIREMENTS are met via the ReNEW ADN verification of approved US & WY constitution course, **and NURS 4055**

For Planning purposes only: Please review the [UW Website](#) for the most up to date course work/plan for BSN

Examination for RN Licensure

Following successful completion of the ADN program, graduates may apply to the Wyoming State Board of Nursing and other states to take the NCLEX-RN, the national licensure examination. There are individual fees for licensure and the exam that will be discussed along with the application process in NURS 2400. Prospective students need to be aware of the fact that licensure may be denied to those with a prior felony conviction or substance abuse history. In addition, applicants for licensure are required to be fingerprinted and undergo a background check. Consult the Program Director Program for specifics.

For additional information or answers to specific questions, contact:

Tina King DNP-RN
Nursing Program Director
(307) 268-2717 or 1-800-442-2963
Fax: (307) 268-2087
e-mail: Tina.king@caspercollege.edu

Assessment Technologies Institute (ATI) Test of Essential Academic Skills (TEAS)

The ATI TEAS test measures the likelihood of a candidate being successful in their first year of nursing school. Our dual objective is to support students in successfully completing the nursing program while ensuring they are well-prepared to pass the licensure examination upon graduation.

On the ATI TEAS, the following areas are tested. You will have 209 minutes to complete the exam. Additional information can be found at <http://atitesting.com/teas-exam.aspx#toggle-id-1> including study material. (It is recommended that you use Chrome or Firefox as your browser when accessing ATI Testing).

VERSION 7

ATI TEAS Content Areas	# Questions	# Minutes
Reading: Key ideas and details; craft and structure; integration of knowledge and ideas	45	55
Mathematics: Numbers and algebra; measurement and date	38	57
Science: Human anatomy and physiology, life and physical sciences; scientific reasoning	50	60
English & Language Usage: Conventions of standard English; knowledge of language, vocabulary acquisition	37	37
TOTAL	170	209

Only students achieving a proficient level or above will be eligible to apply to the nursing program. Students earn points on the 'Admission Ranking Worksheet' based on their actual individual adjusted score, which can be found in the upper right-hand corner of the TEAS results. Basic and developmental scores are ineligible for application to the program.

ACADEMIC PREPAREDNESS LEVELS

Academic Preparedness Level	Cut Score	95% Confidence Interval [
Basic	40.7%	[34.0%,48.0%]
Proficient	58.7%	[51.3%,65.3%]
Advanced	80%	[70.7%,83.3%]
Exemplary	92%	[84.7%,94.0%]

Resources to Study for the TEAS

Please note the Testing Center does not have study resources or content outlines.

- The TEAS assessment gauges reading, mathematics, science and English skills. To prepare for the TEAS assessment you may purchase resources from the ATI website by going to: [ATI Testing](#). Including practice tests. If you have any questions, you may call Assessment Technologies Institute®, LLC at 1-800-667-7531.
- Other resources to prepare for the TEAS are available from the Casper College Library.
 - Casper College Nursing Student Test Preparation: TEAS Internet Sites and Learning Express Library: [TEAS Testing guides](#)
 - If you need assistance, please contact Sarah Mailloux at 307-268-2257 or smailoux@caspercollege.edu

- Other resources to prepare for the TEAS
 - This is a set of ATI TEAS 7 YouTube videos. It has over 5 hours of free tutorials.
TEAS Review Video Tutorials by Mometrix
[YouTube TEAS videos](#)

To make an appointment to take the TEAS test:

1. Appointments for the web-based test can be scheduled with the Testing Center (TC) at Casper College: [Casper College Testing Center](#)
2. The ATI TEAS exam can also be proctored online please click this [link](#) for the online option
3. The ATI TEAS exam at the Casper College Testing Center, will be paid online with a credit/debit card on the day of the test. If you are using other testing centers there may be additional fees/costs.
4. No test will be administered without payment first.
5. The '[Policies and Procedures](#)' of the Casper College testing center are listed on line.
6. If you are not able to test at Casper College, it is your responsibility to contact a testing center in your community and arrange to have the test proctored or get proctored online.
 - A. Please be certain your results will be sent to the Casper College Nursing Program. If your ATI TEAS results need to be sent to Casper College directly from ATI, there may be a cost/fee associated with this process.
7. ATI TEAS may be taken twice in an application period. The highest score will be accepted. The score is good for 2 years (includes Versions 7).

Please upload a copy of your test results with your application for admission.

Admission Checklist

Are you ready to apply to the Casper College Nursing Program?

I have applied to Casper College as a pre-nursing/health science major.

I am currently enrolled in, or have completed with a “C” or higher the following courses: (if currently enrolled, application ranking is based on submission of midterm grades, with admission to the program dependent on final grade entered for admission ranking worksheet score)

ENGL 1010: English Composition I

MATH 1400: College Algebra

HLTK 1200: Medical Terminology

ZOO 2040 and 2041 or 2015: Human Anatomy

I have a degree college GPA of 2.8 or greater.

I have a proficient score or higher on the ATI Test of Essential Skills (TEAS[®]) within the 2 year and provided a copy of the results with my application. Developmental and Basic scores are not eligible to apply.

If you checked off ALL these criteria—you can apply.

APPLICATIONS RECEIVED BY EMAIL and/or FAX WILL NOT BE PROCESSED

You must apply online

Estimated Expenses

ASSOCIATE DEGREE NURSING EDUCATION AT CASPER COLLEGE

ESTIMATED EXPENSES

Prospective students should refer to the current Casper College catalog for tuition and fee rates. Please note ATI fees are **non-refundable**. In addition to tuition and fees and required laboratory supplies, the following expenses are estimated for the **NURS 1100** of the nursing program:

◆ MyClinicalExchange (MyCE)	\$ 39.50 per year
◆ Drug Screen	\$ 6
◆ Casper College Student Health	\$ 40-55
◆ Drug Testing Center	\$ 40-55
◆ Books and online support programs (used through program)	\$ 1,100 per semester
◆ Supplies	\$ 50 -100+
◆ Uniforms and lab coat	\$ 175 +
◆ Lab kit / Lab	\$ 75
◆ Watch with digital or sweep second hand	\$ 10+
◆ Stethoscope	\$ 50 – 175+
◆ Bandage scissors	\$ 7+
◆ Penlight	\$ 7+
◆ Sharpie®	\$ 5
◆ Varicella titer	\$ Varies per individual lab
◆ Varicella vaccine x2 (available at Public Health Dept.)	\$ 100+
◆ Hepatitis Titer	\$ Varies per individual lab
◆ Hepatitis immunization series	\$ 90+
◆ MMR Titer	\$ Varies per individual lab
◆ MMR Vaccine	\$ 50+
◆ Health insurance	\$ Varies with carrier
◆ Required Vaccines (influenza)	\$ Varies per site

Casper College provides at no expense to students, liability (malpractice) insurance while nursing students are engaged in their clinical laboratory activities. As is stated in the catalog, students are responsible for their own transportation and its related expense.

Estimated expenses for the NURS 1200 include:

◆ Book and support program fees	\$ 1,100 per semester
◆ Lab kit	\$ 200

Finally, NURS 2300 and NURS 2400 expenses include:

◆ Book and support program fees	\$ 1,100 per semester
◆ Health insurance	Varies with carrier
